Läckö slott (1527).

Lurö passerar på 40 meters höjd.

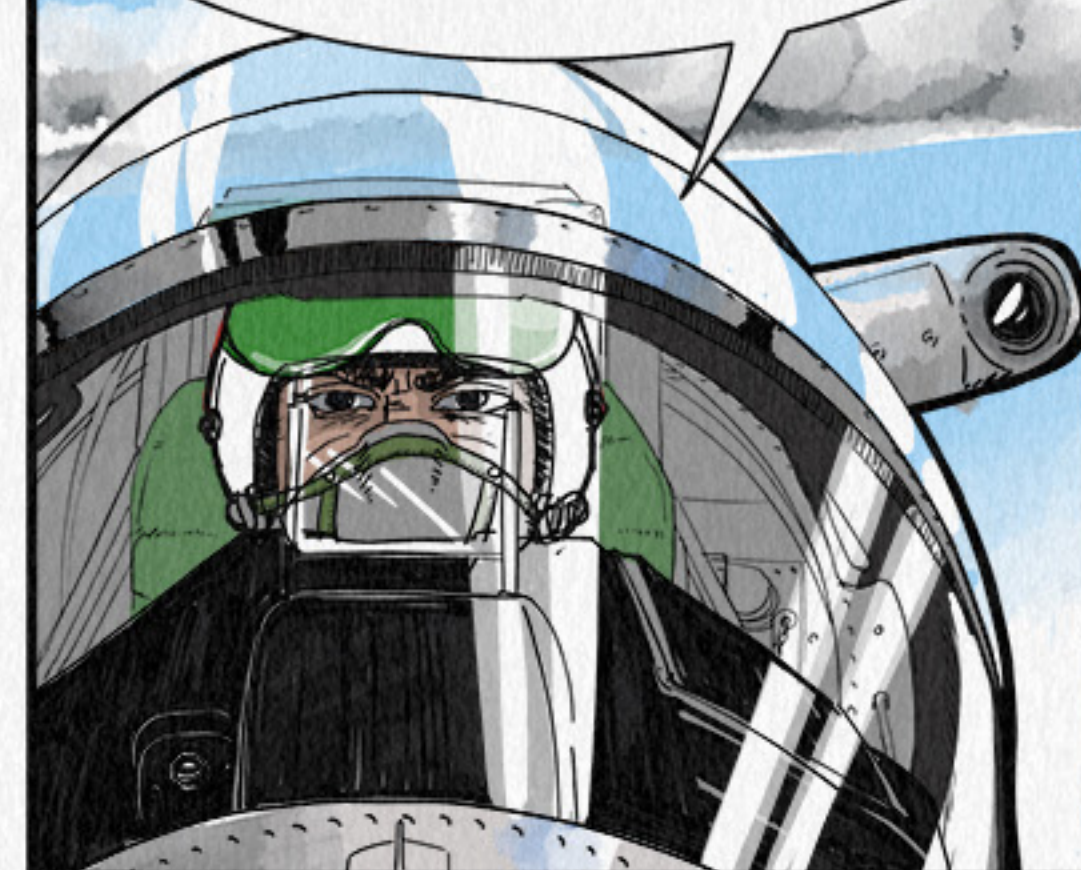

Stånguddens Fyr, Lurö skärgård.

Ok, nu gömmer vi oss på riktigt låg höjd.
Ta gärna en titt i periskopet och stäng
av interkom en stund, om du vill.

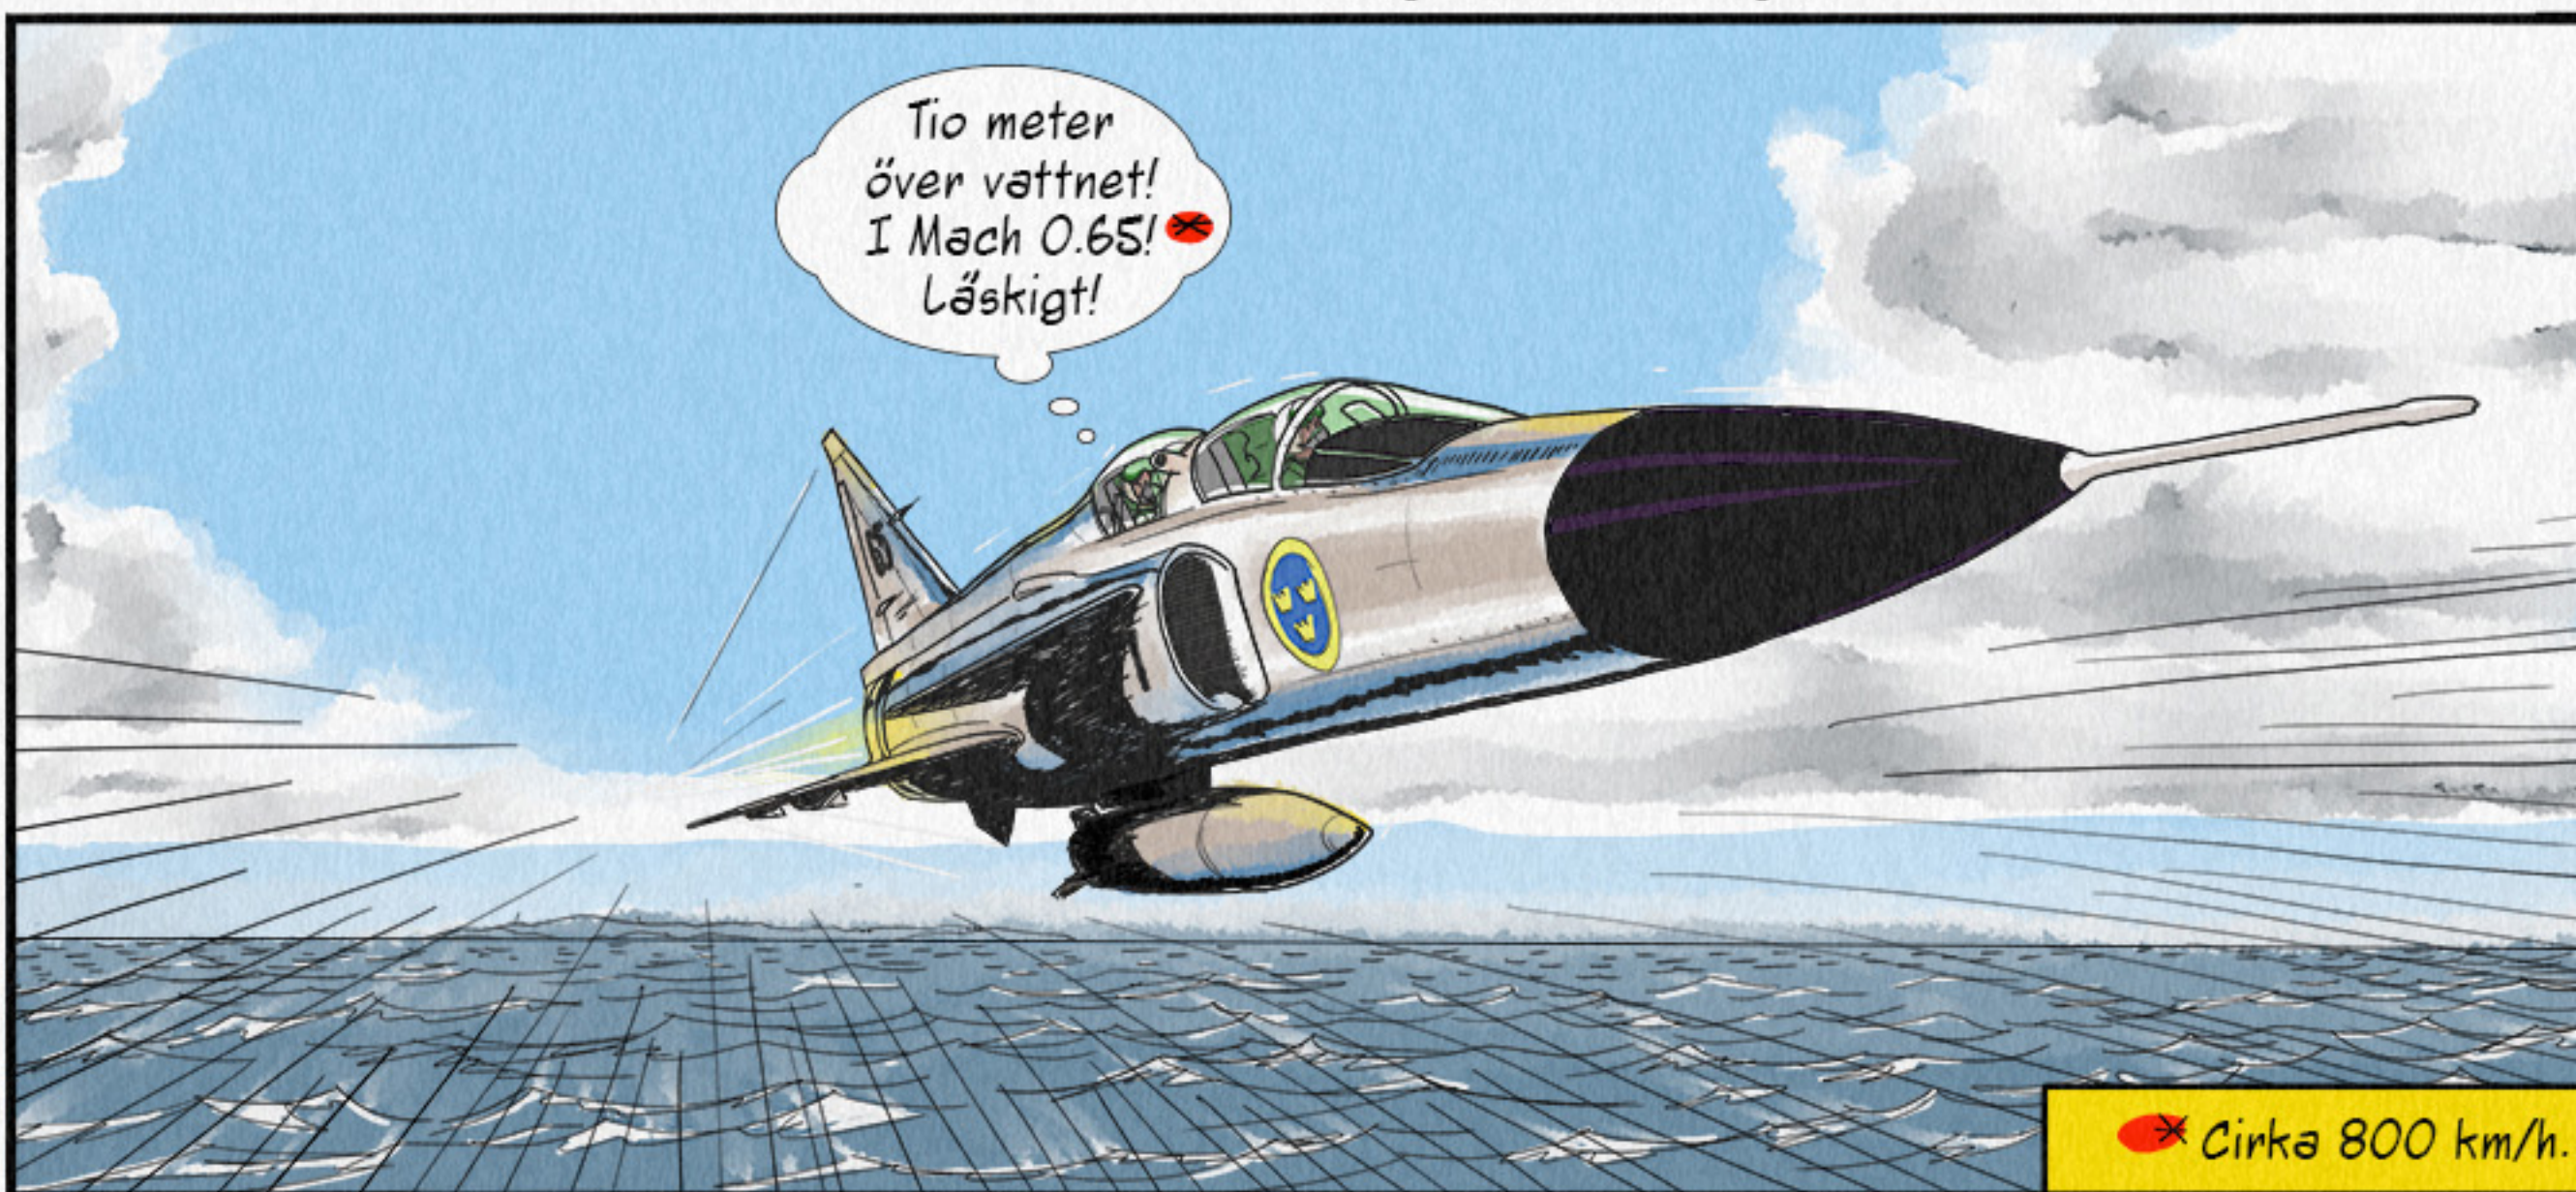

Ja nu flyger vi verkligen lågt!
Jag måste bara fråga, är vi inte väldigt
sårbara här nere under trädtopparna?

Tvårt om faktiskt. Vi flyger under fientlig
radar. Vi hörs inte för terrängen skickar
det mesta av ljudet uppåt och parten gör
oss svårträffade, även om någon
skulle få syn på oss.

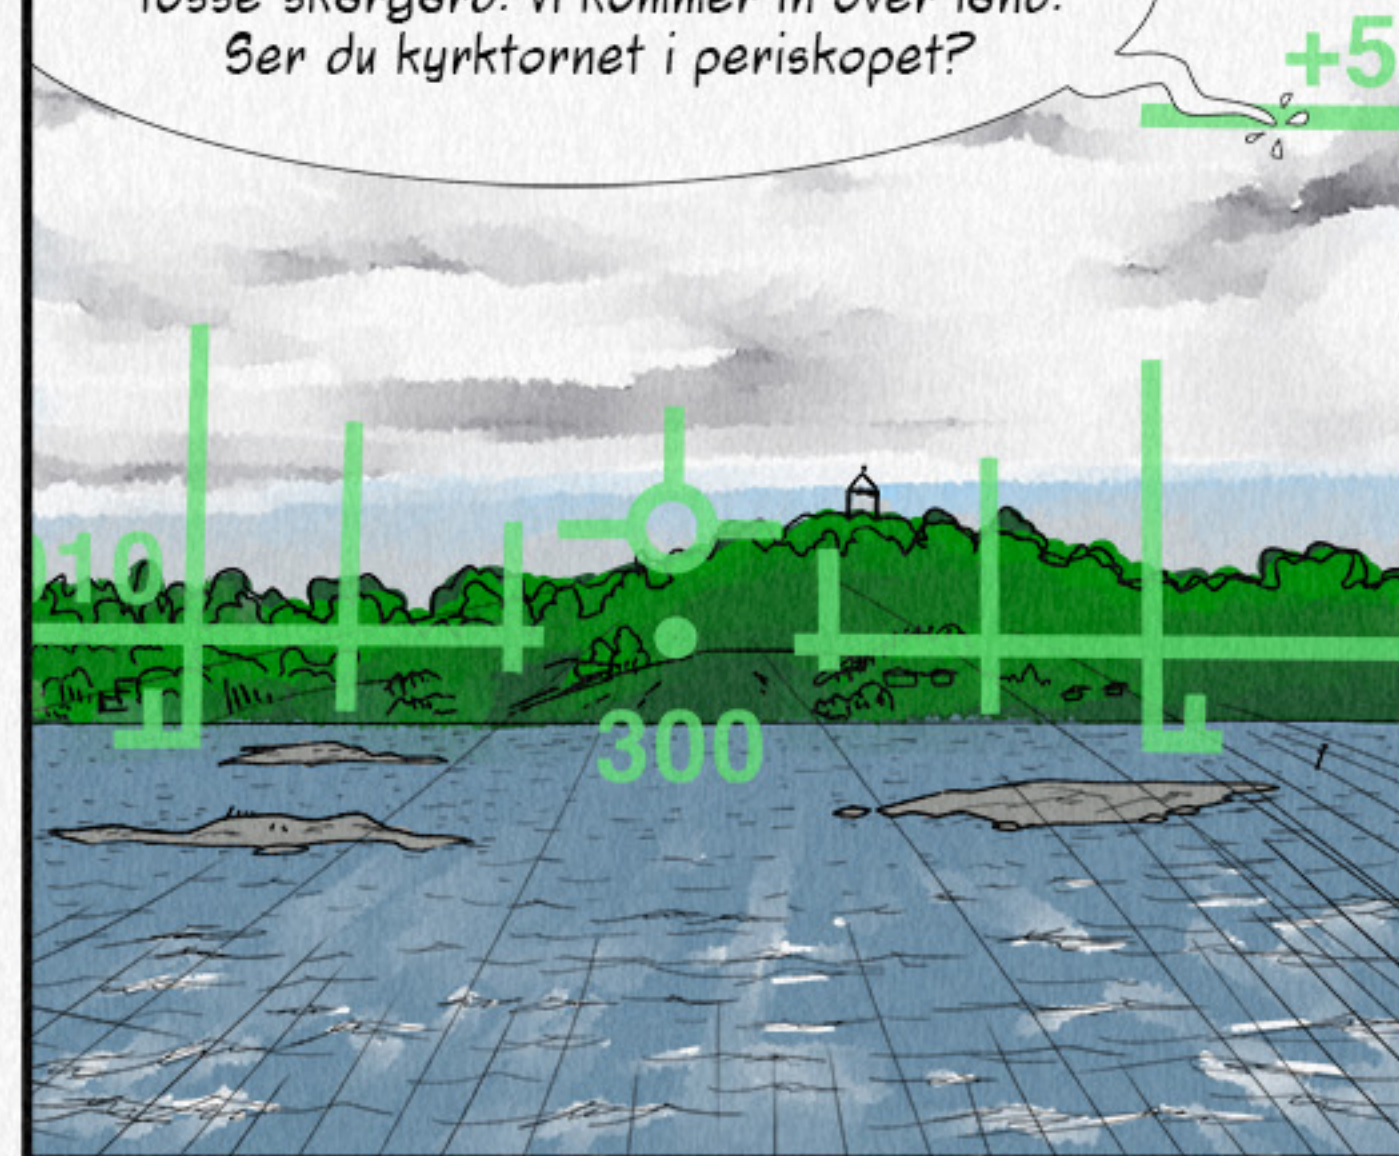

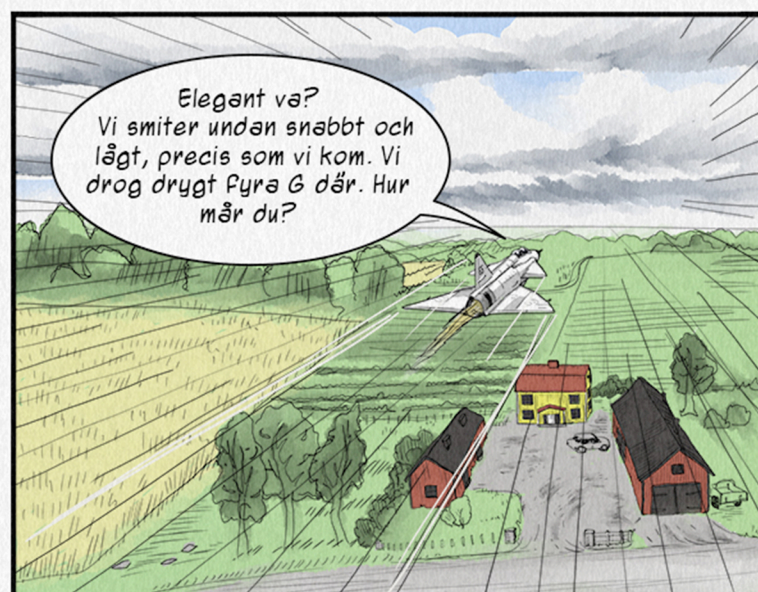

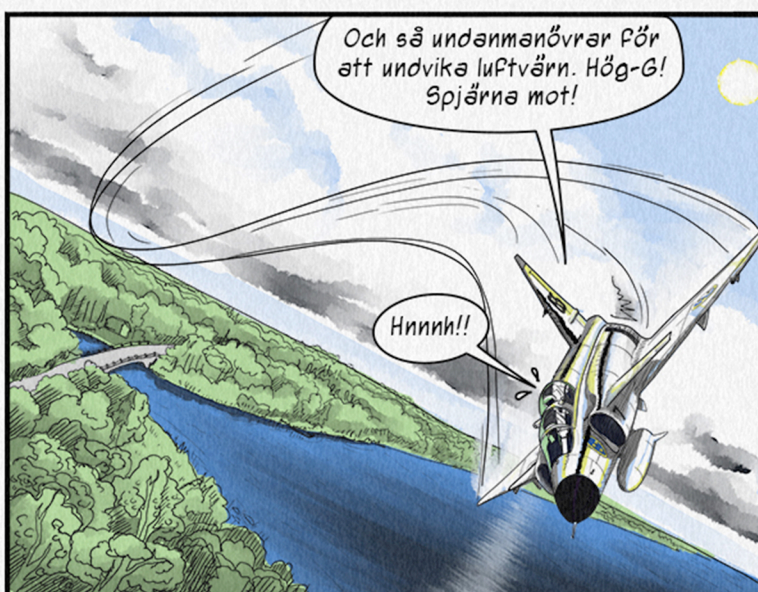

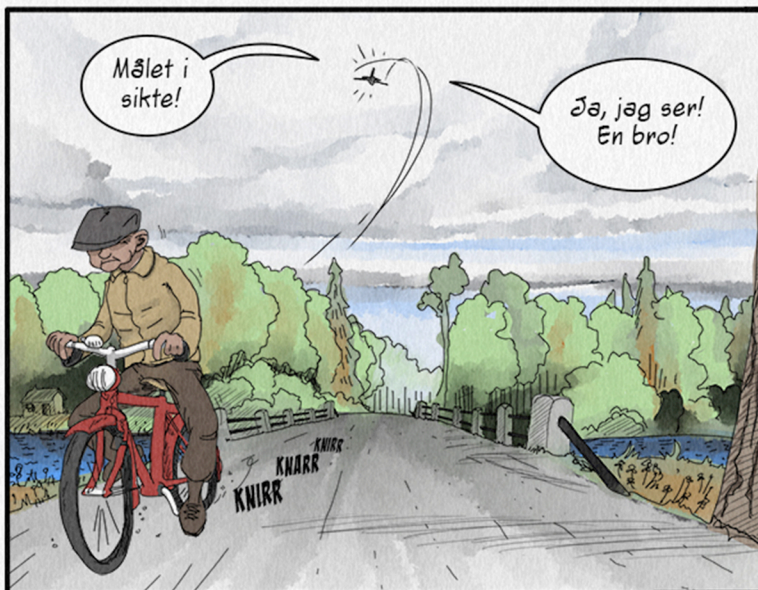

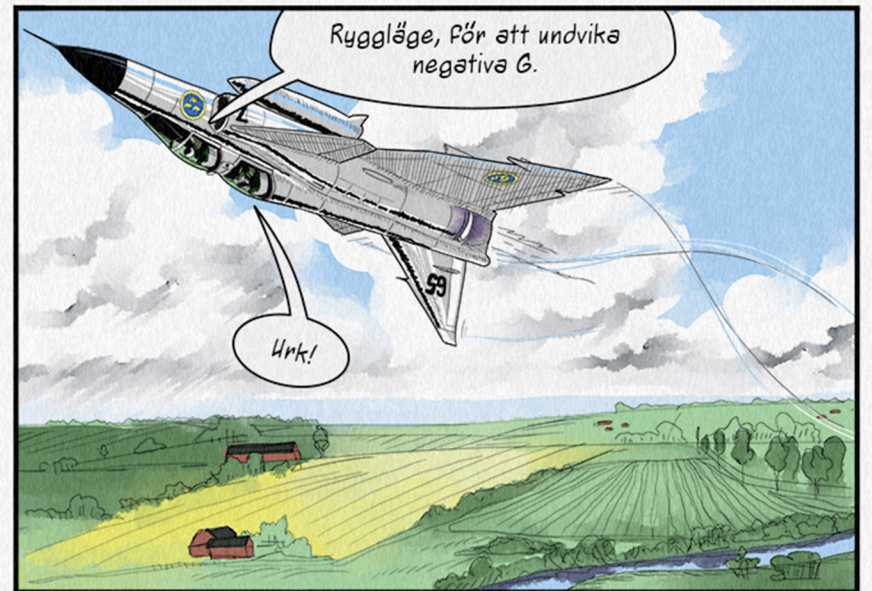

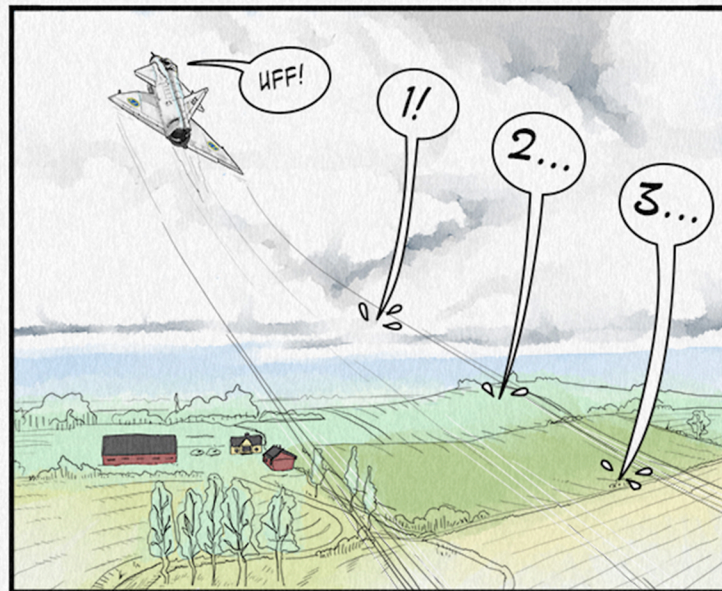

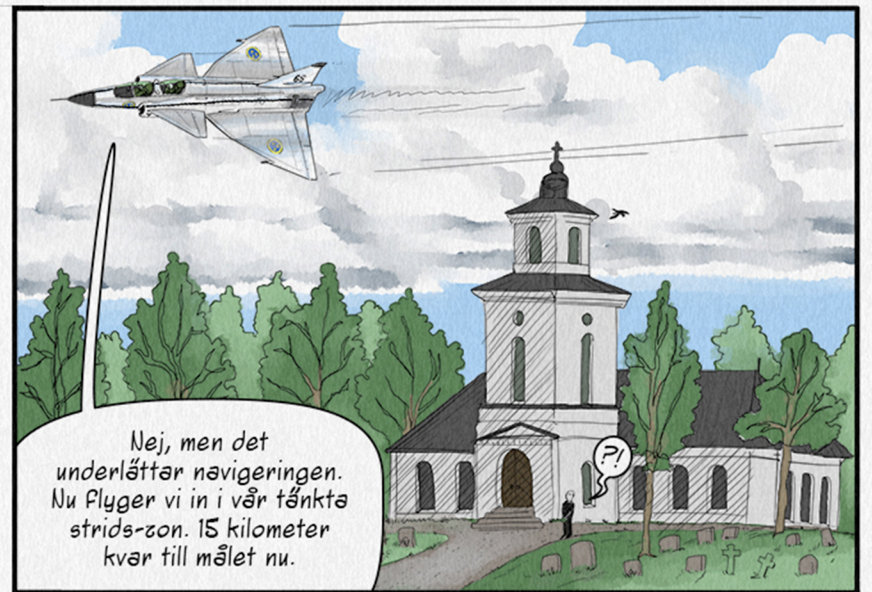

Tio meter
över vattnet!
I Mach 0.65!
Läskigt!

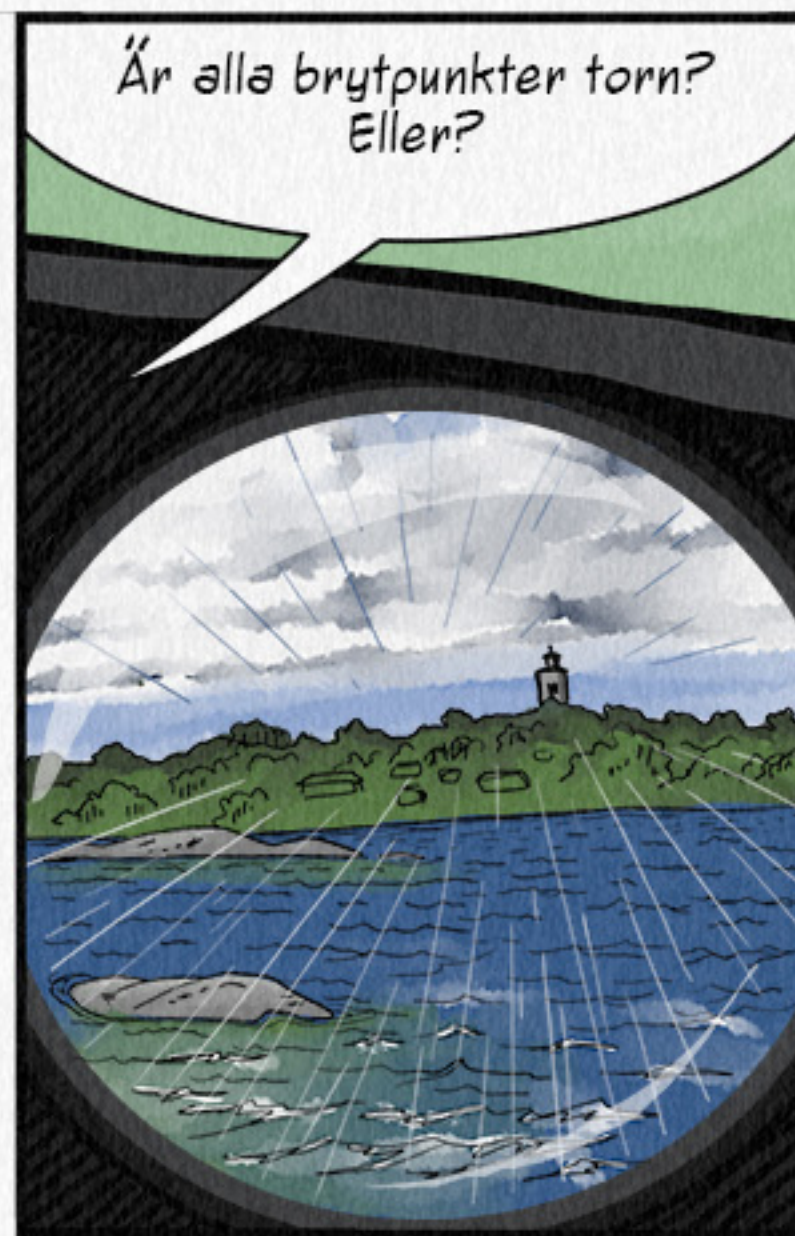

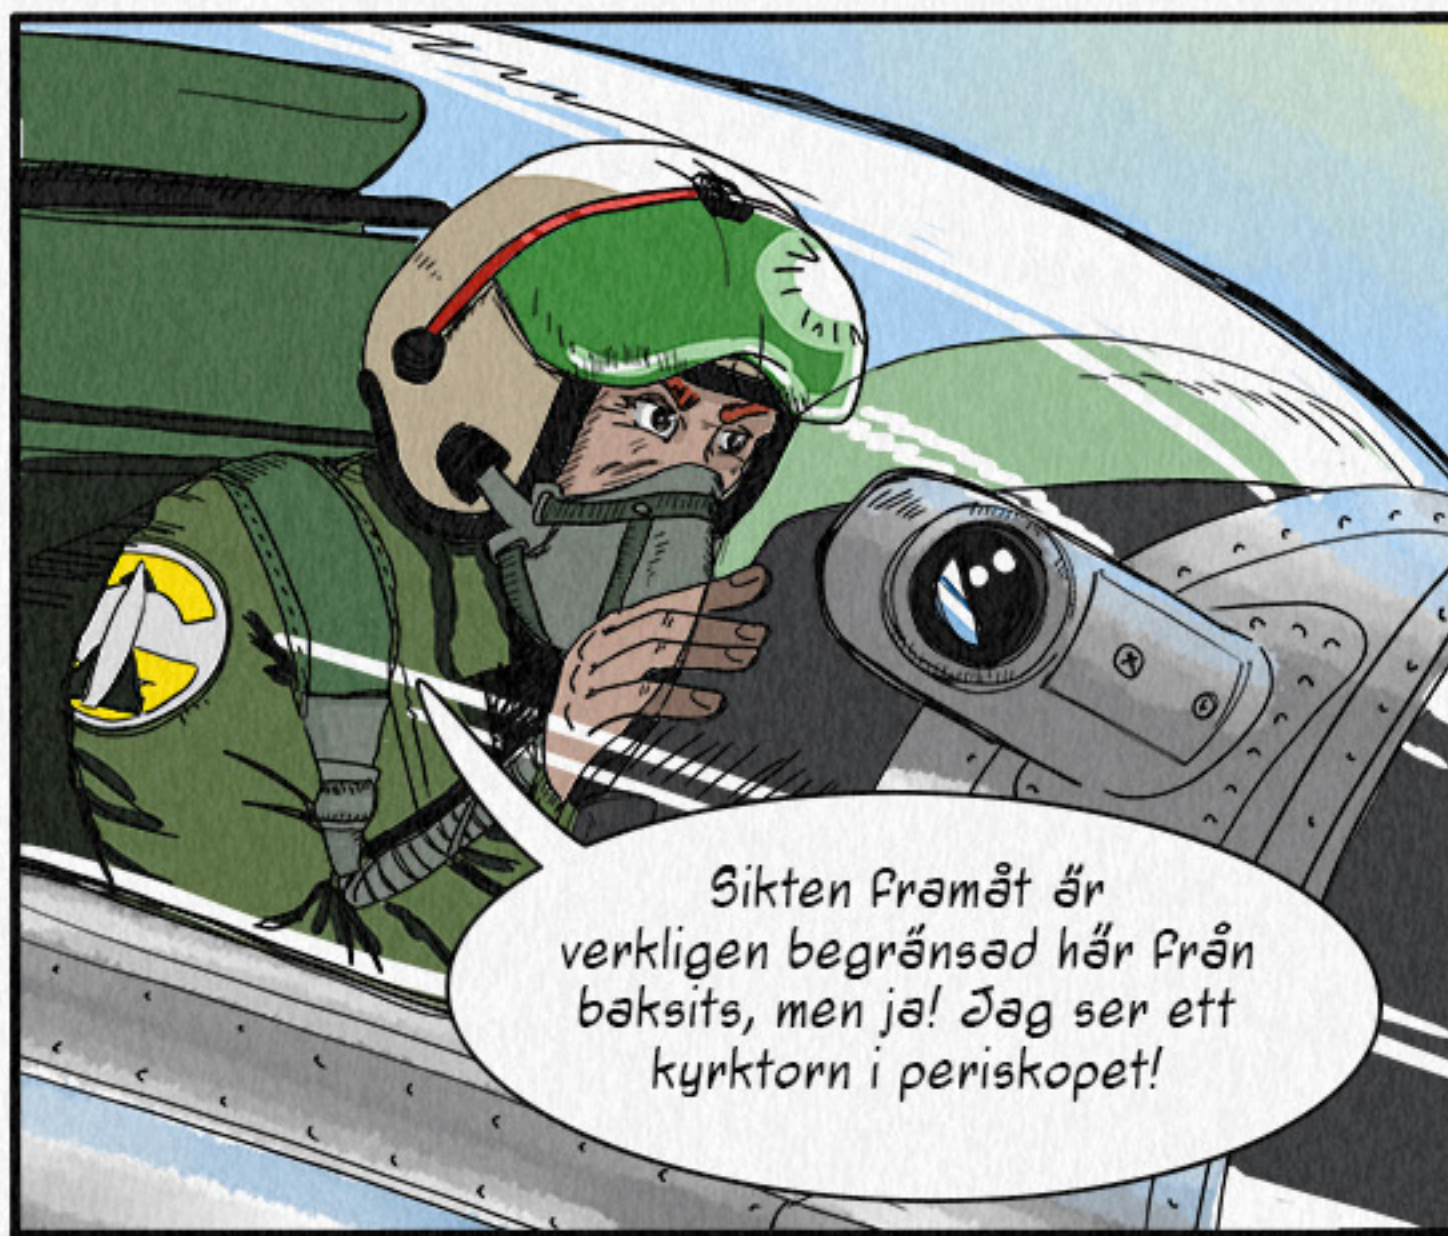

✖ Cirkä 800 km/h.

Tösse skärgård. Vi kommer in över land.
Ser du kyrktornet i periskopet?

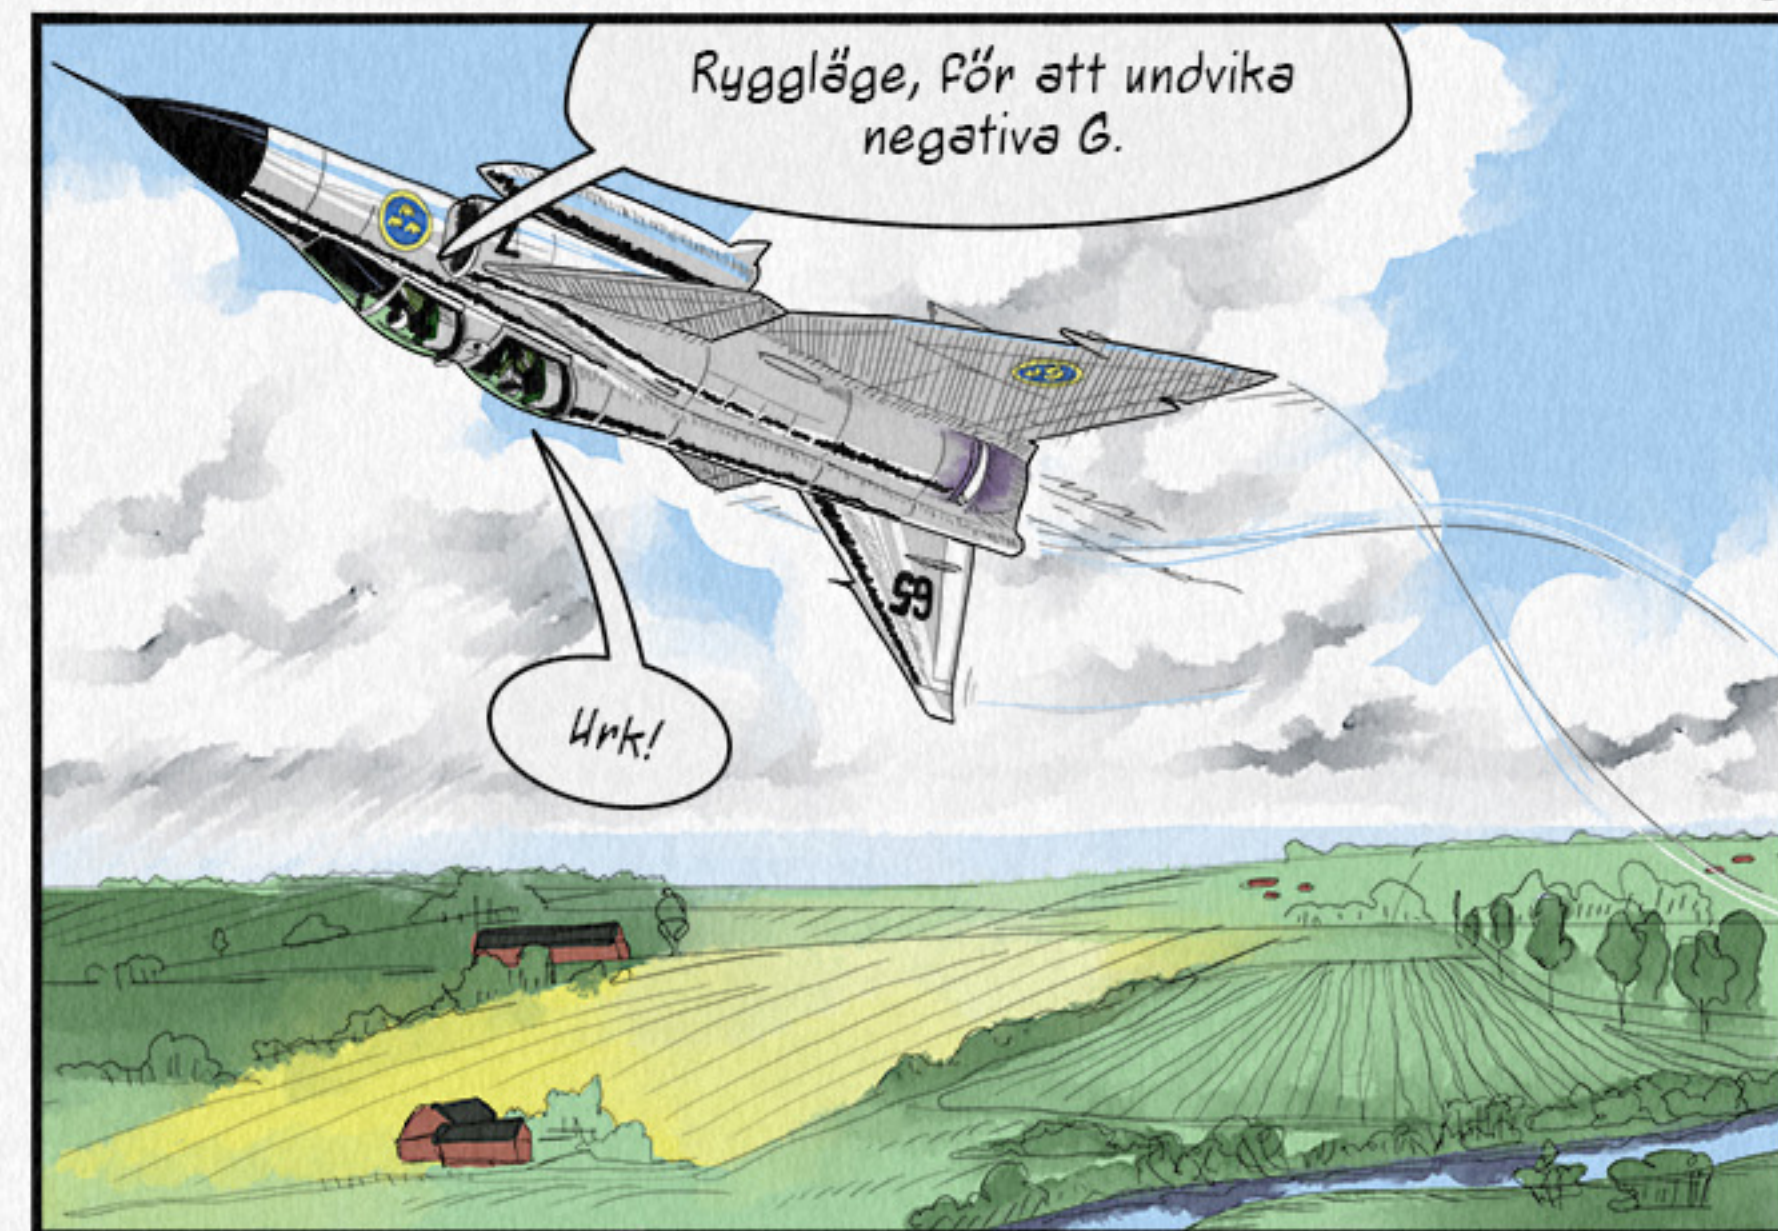

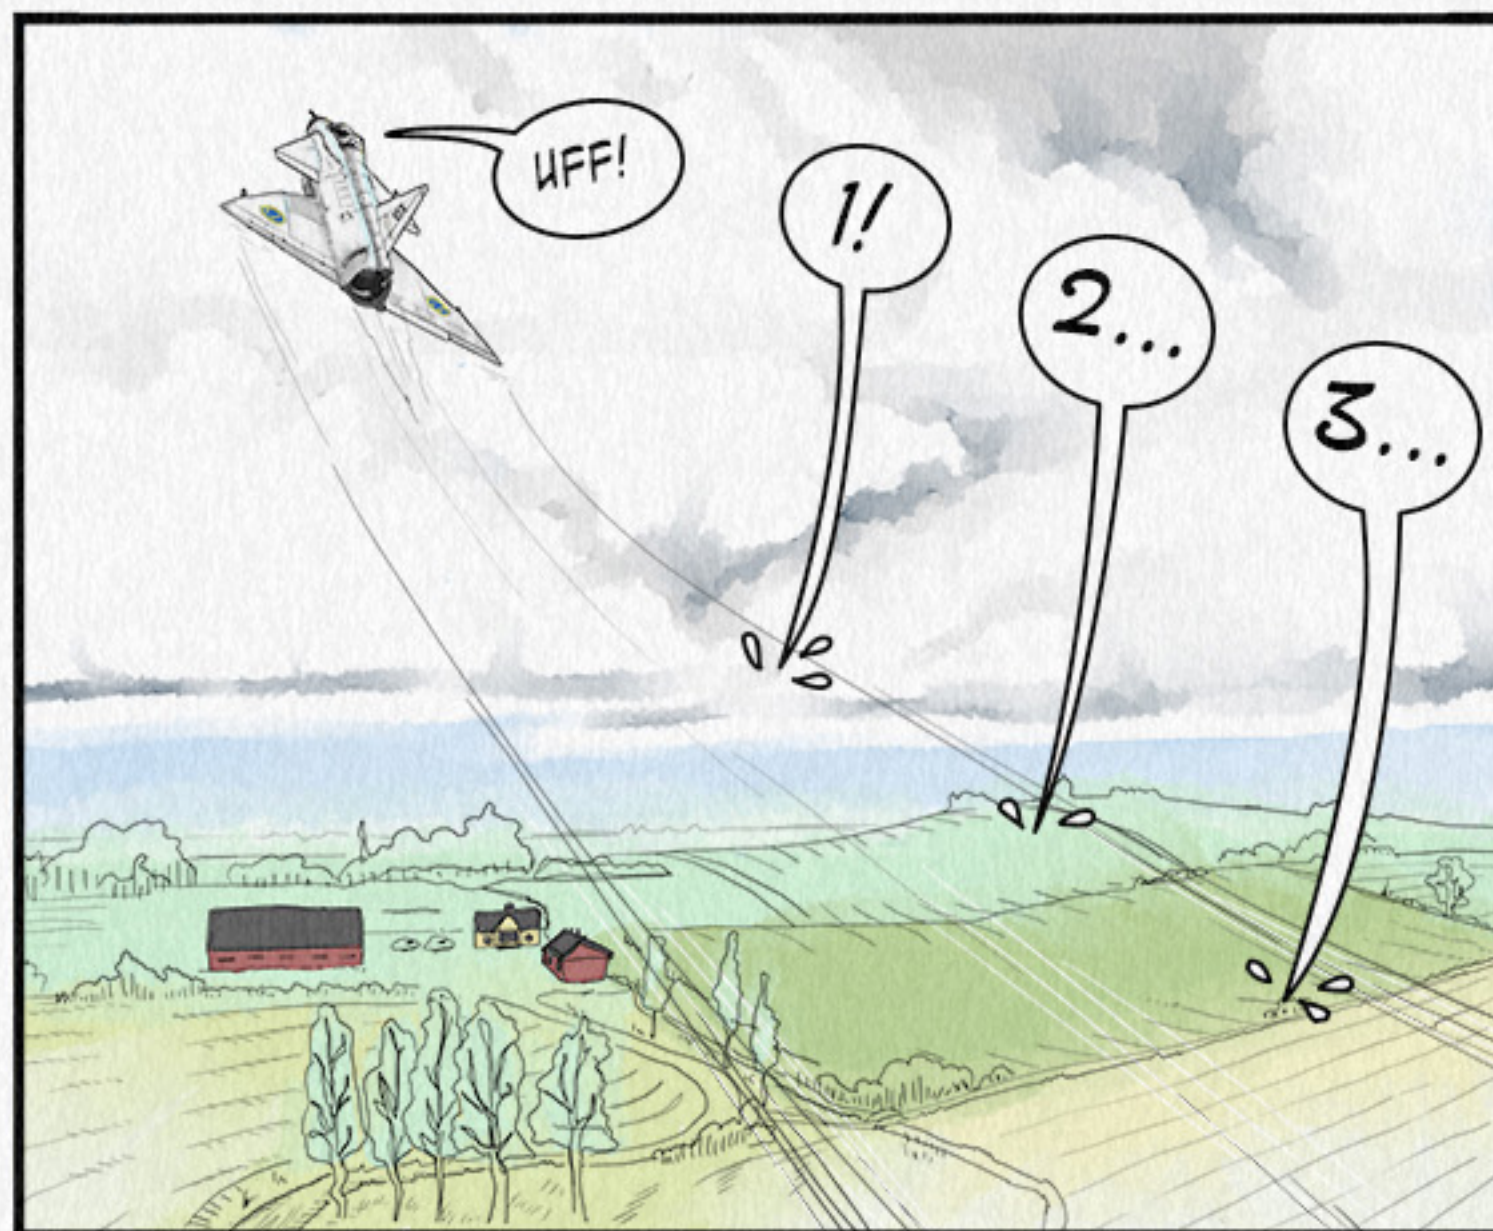

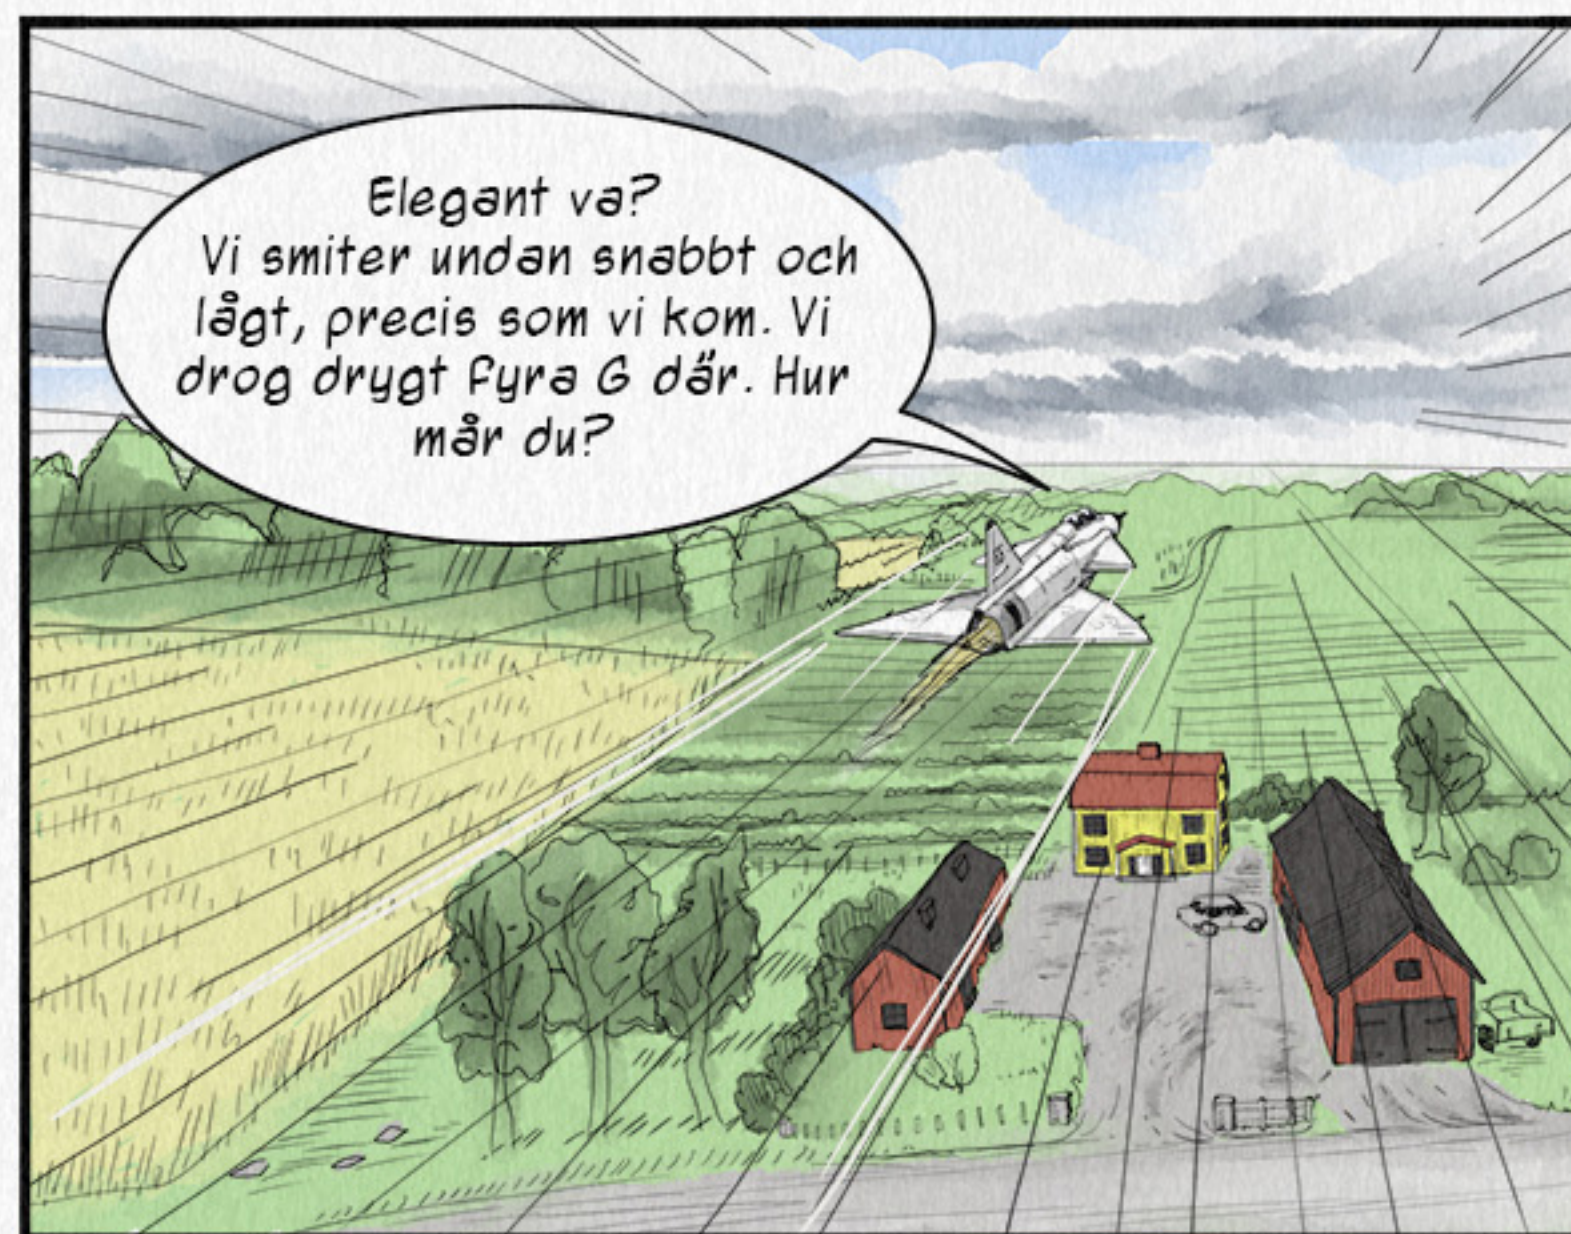

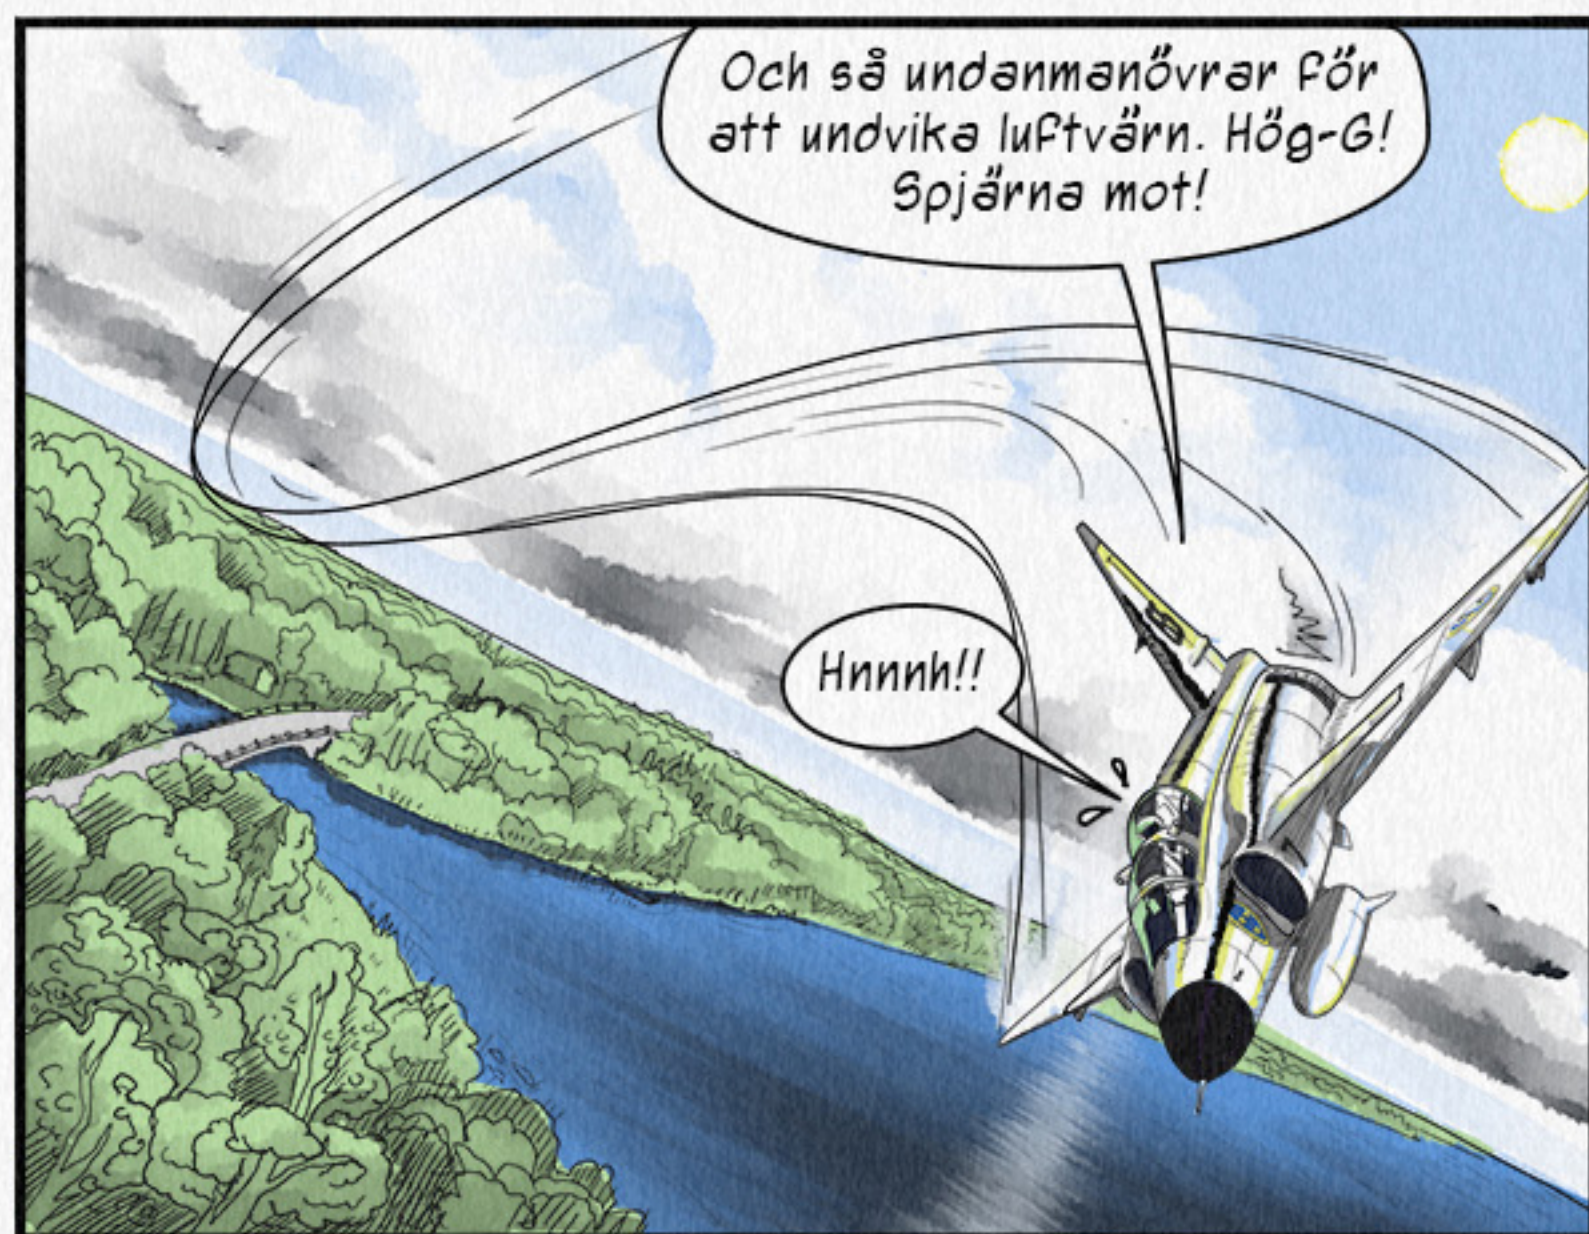

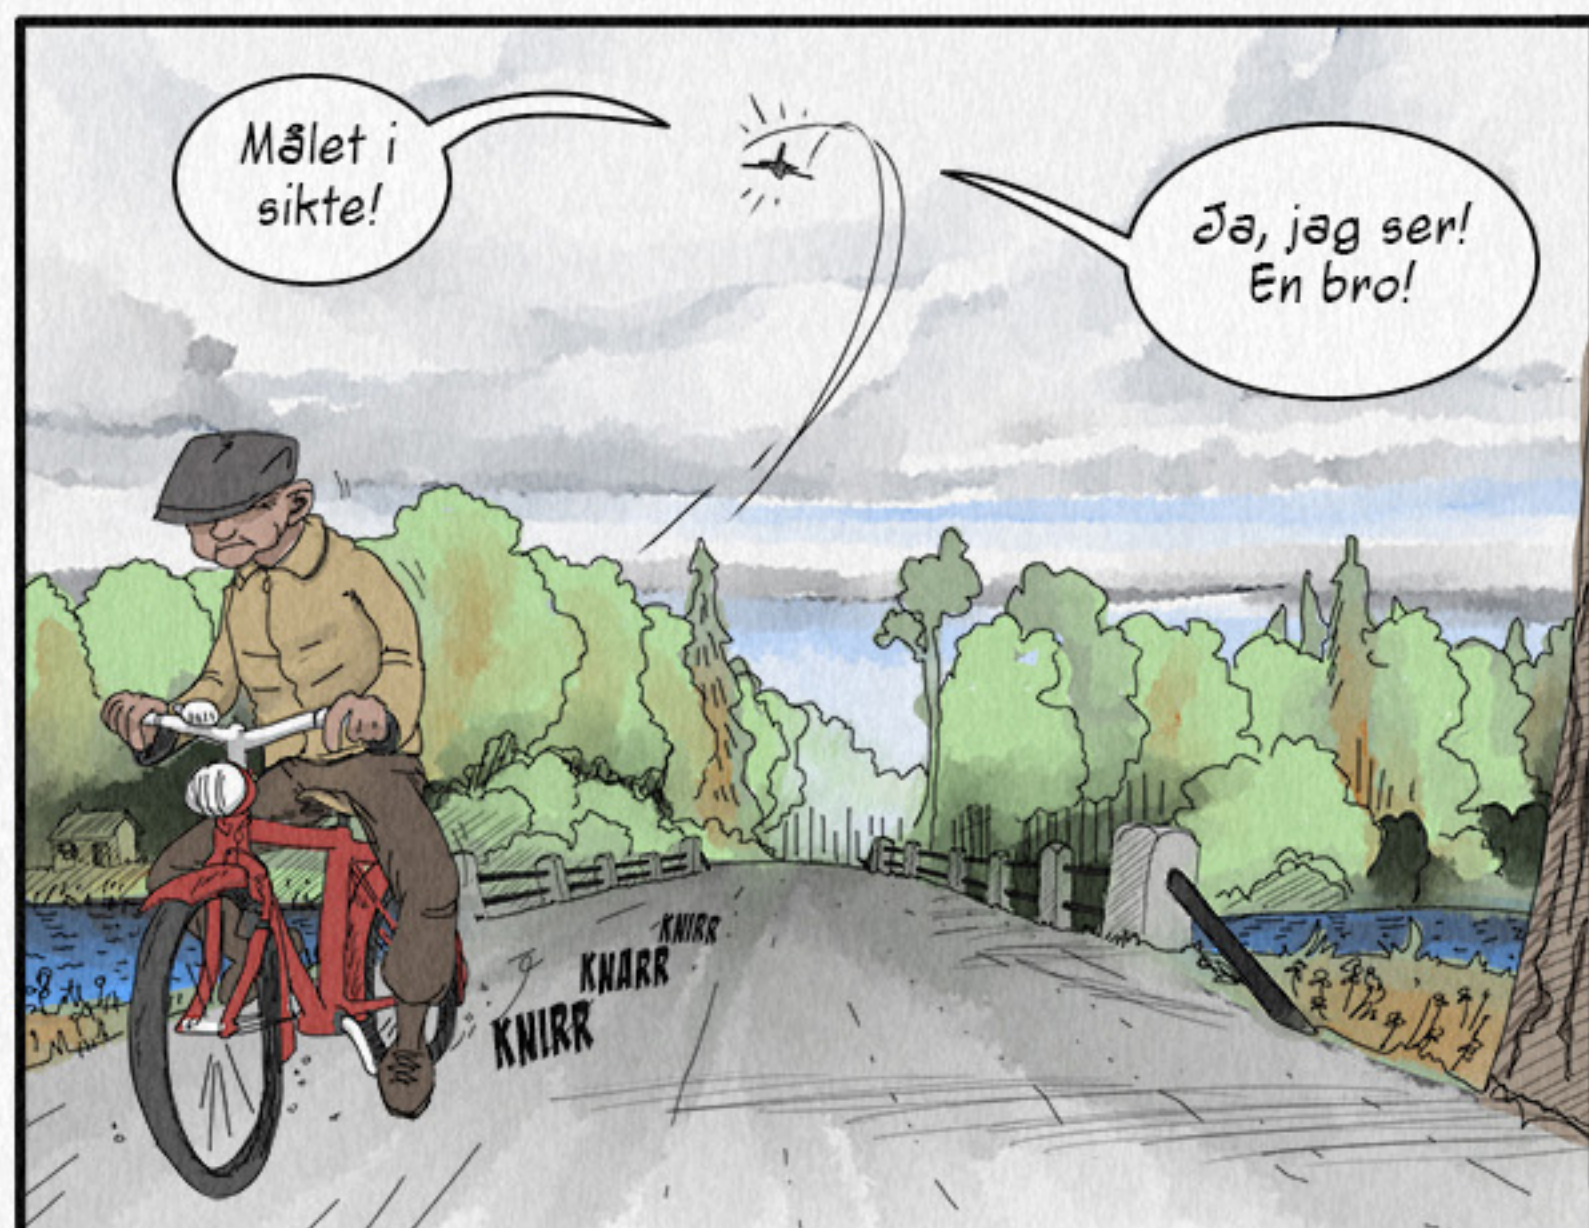

Tosse K. Åmås församling.

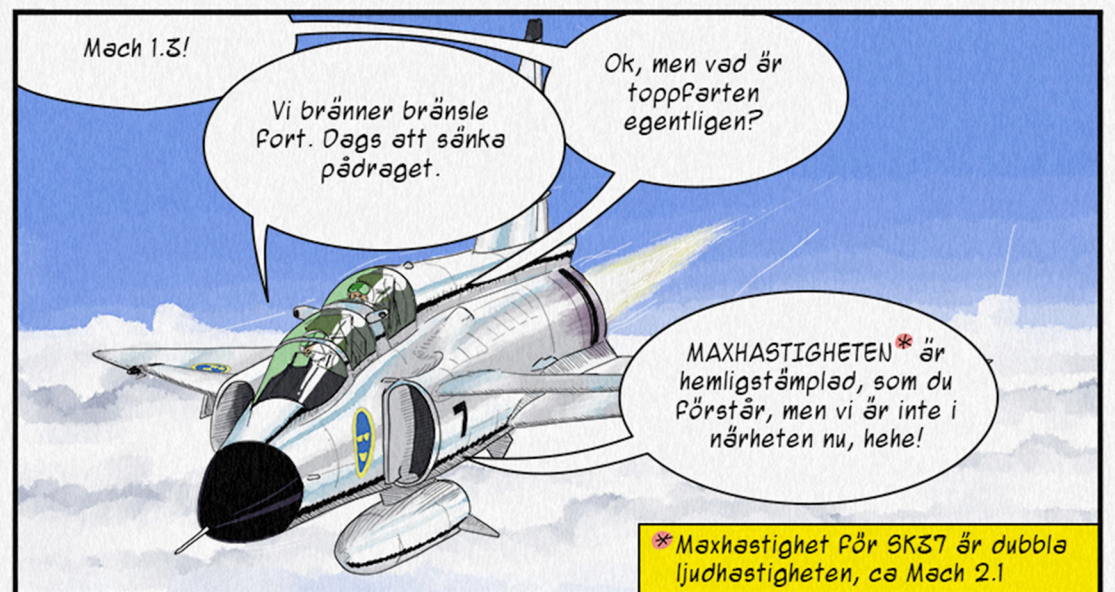

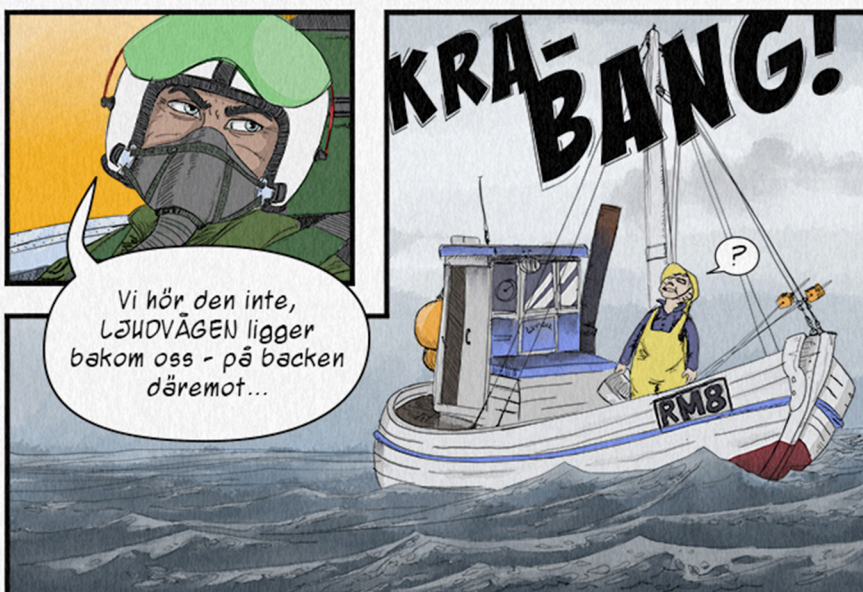

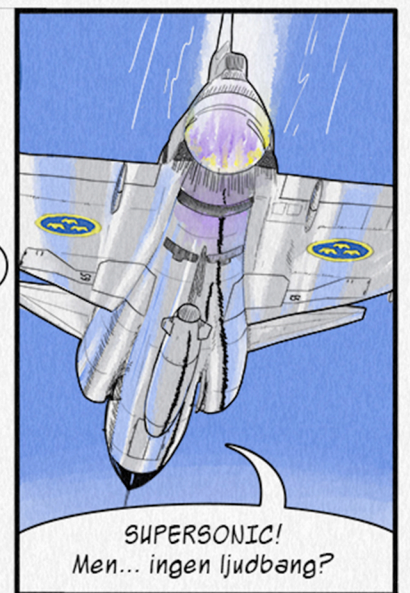

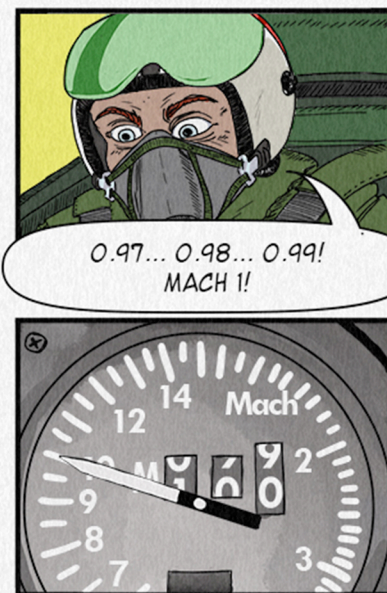

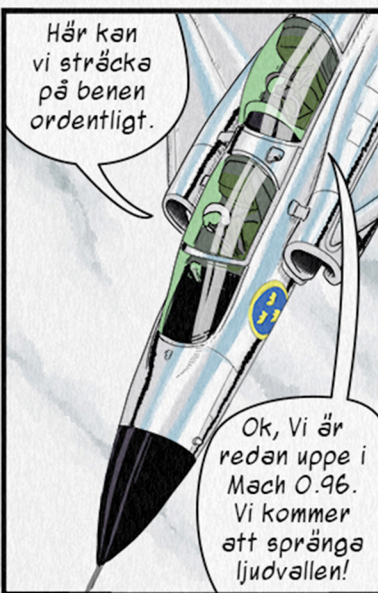

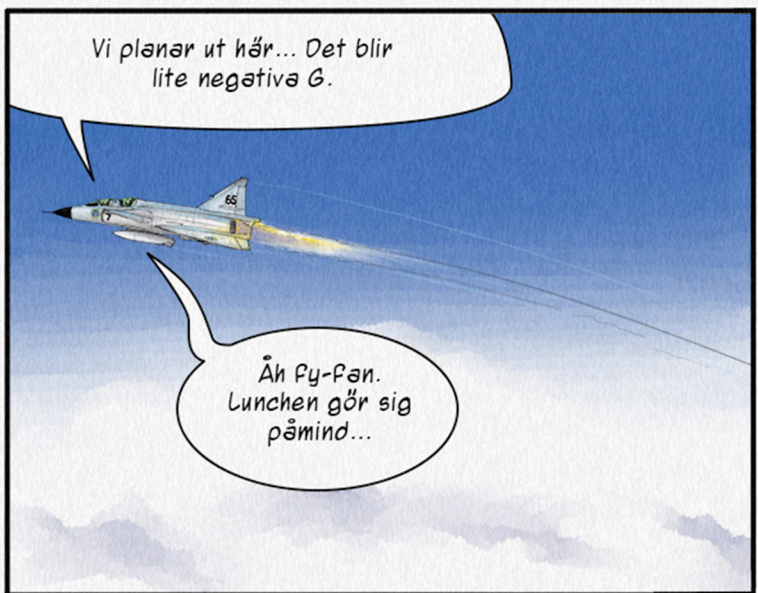

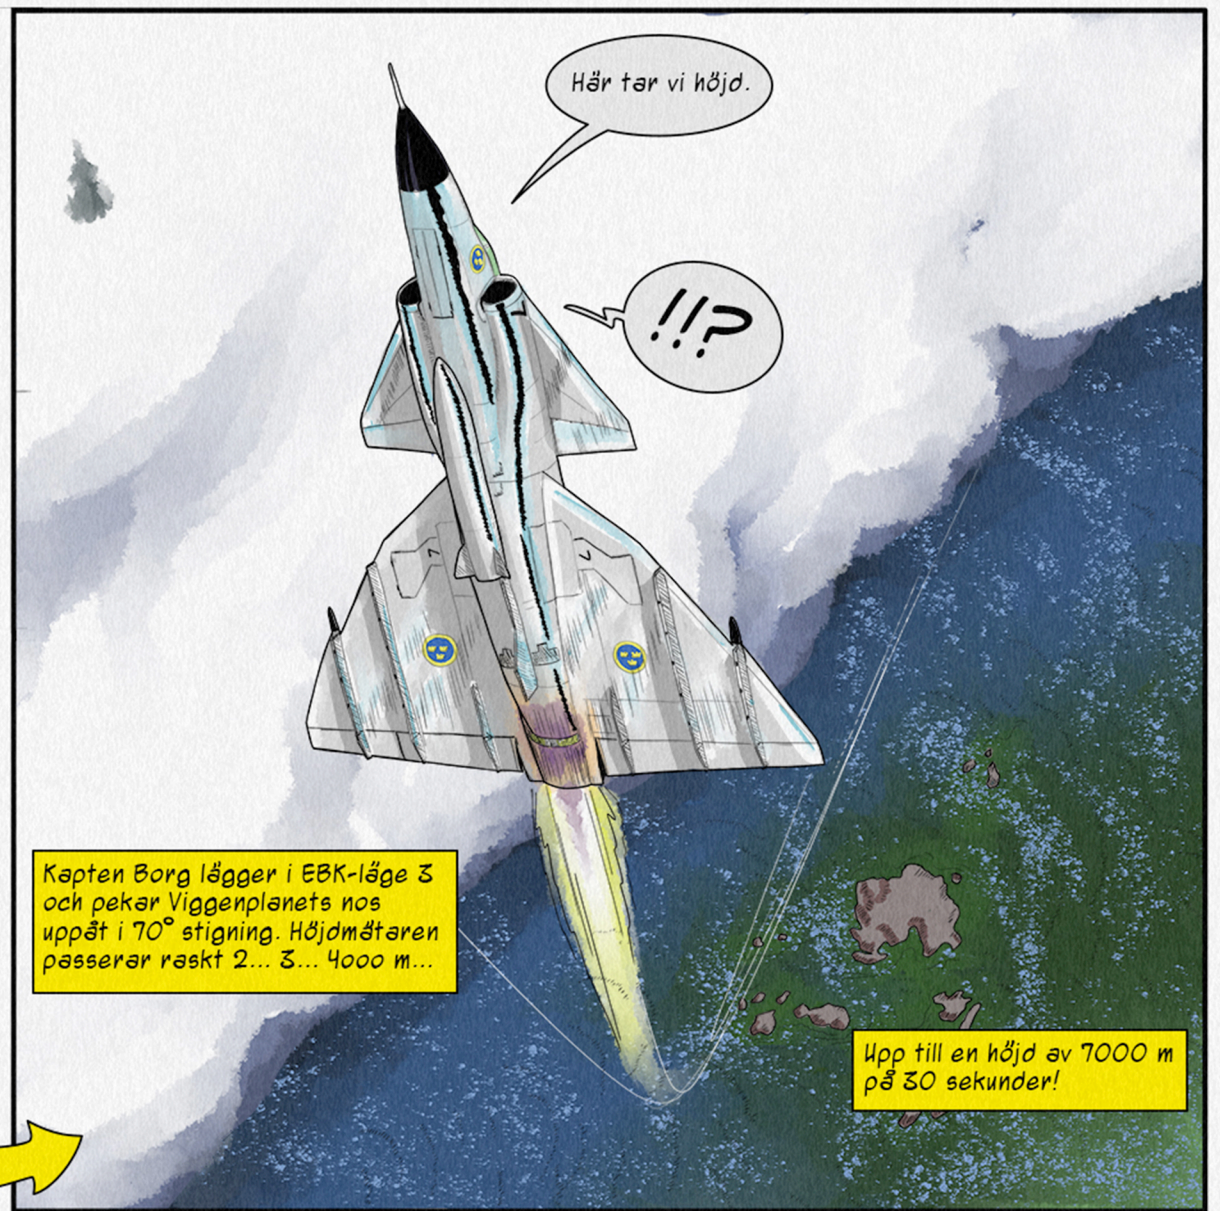

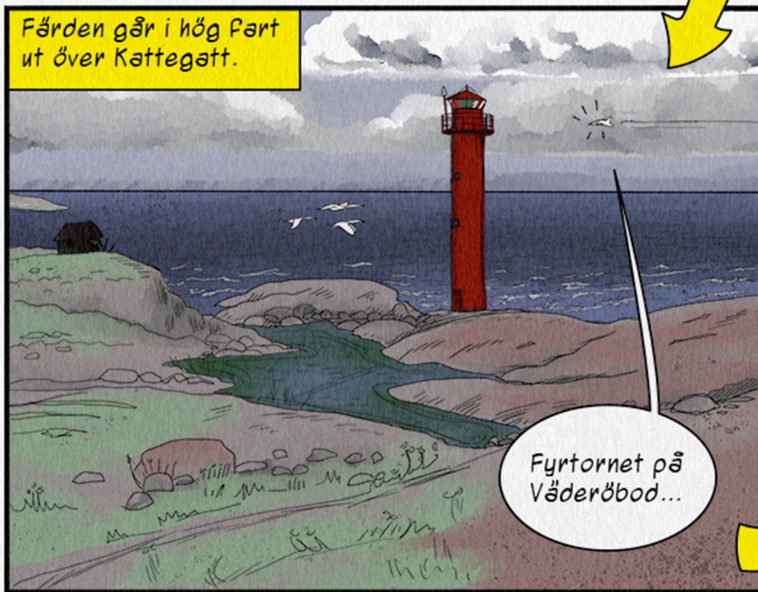

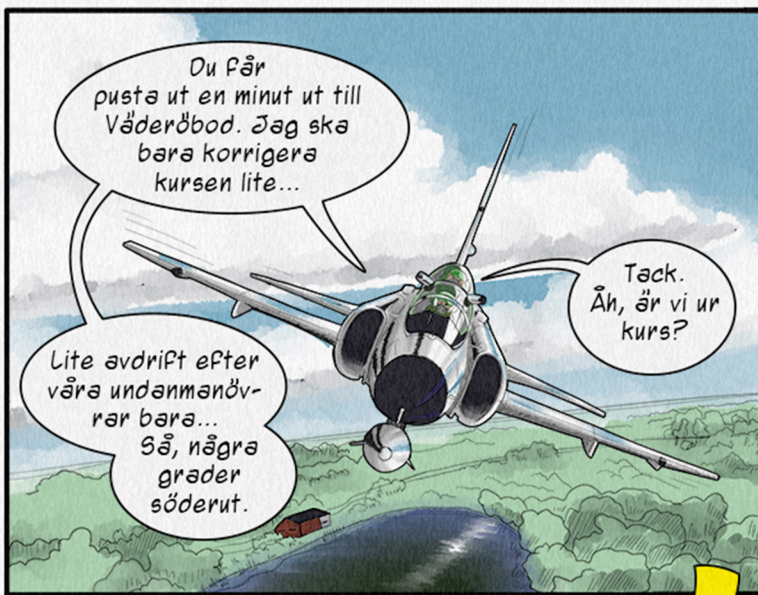

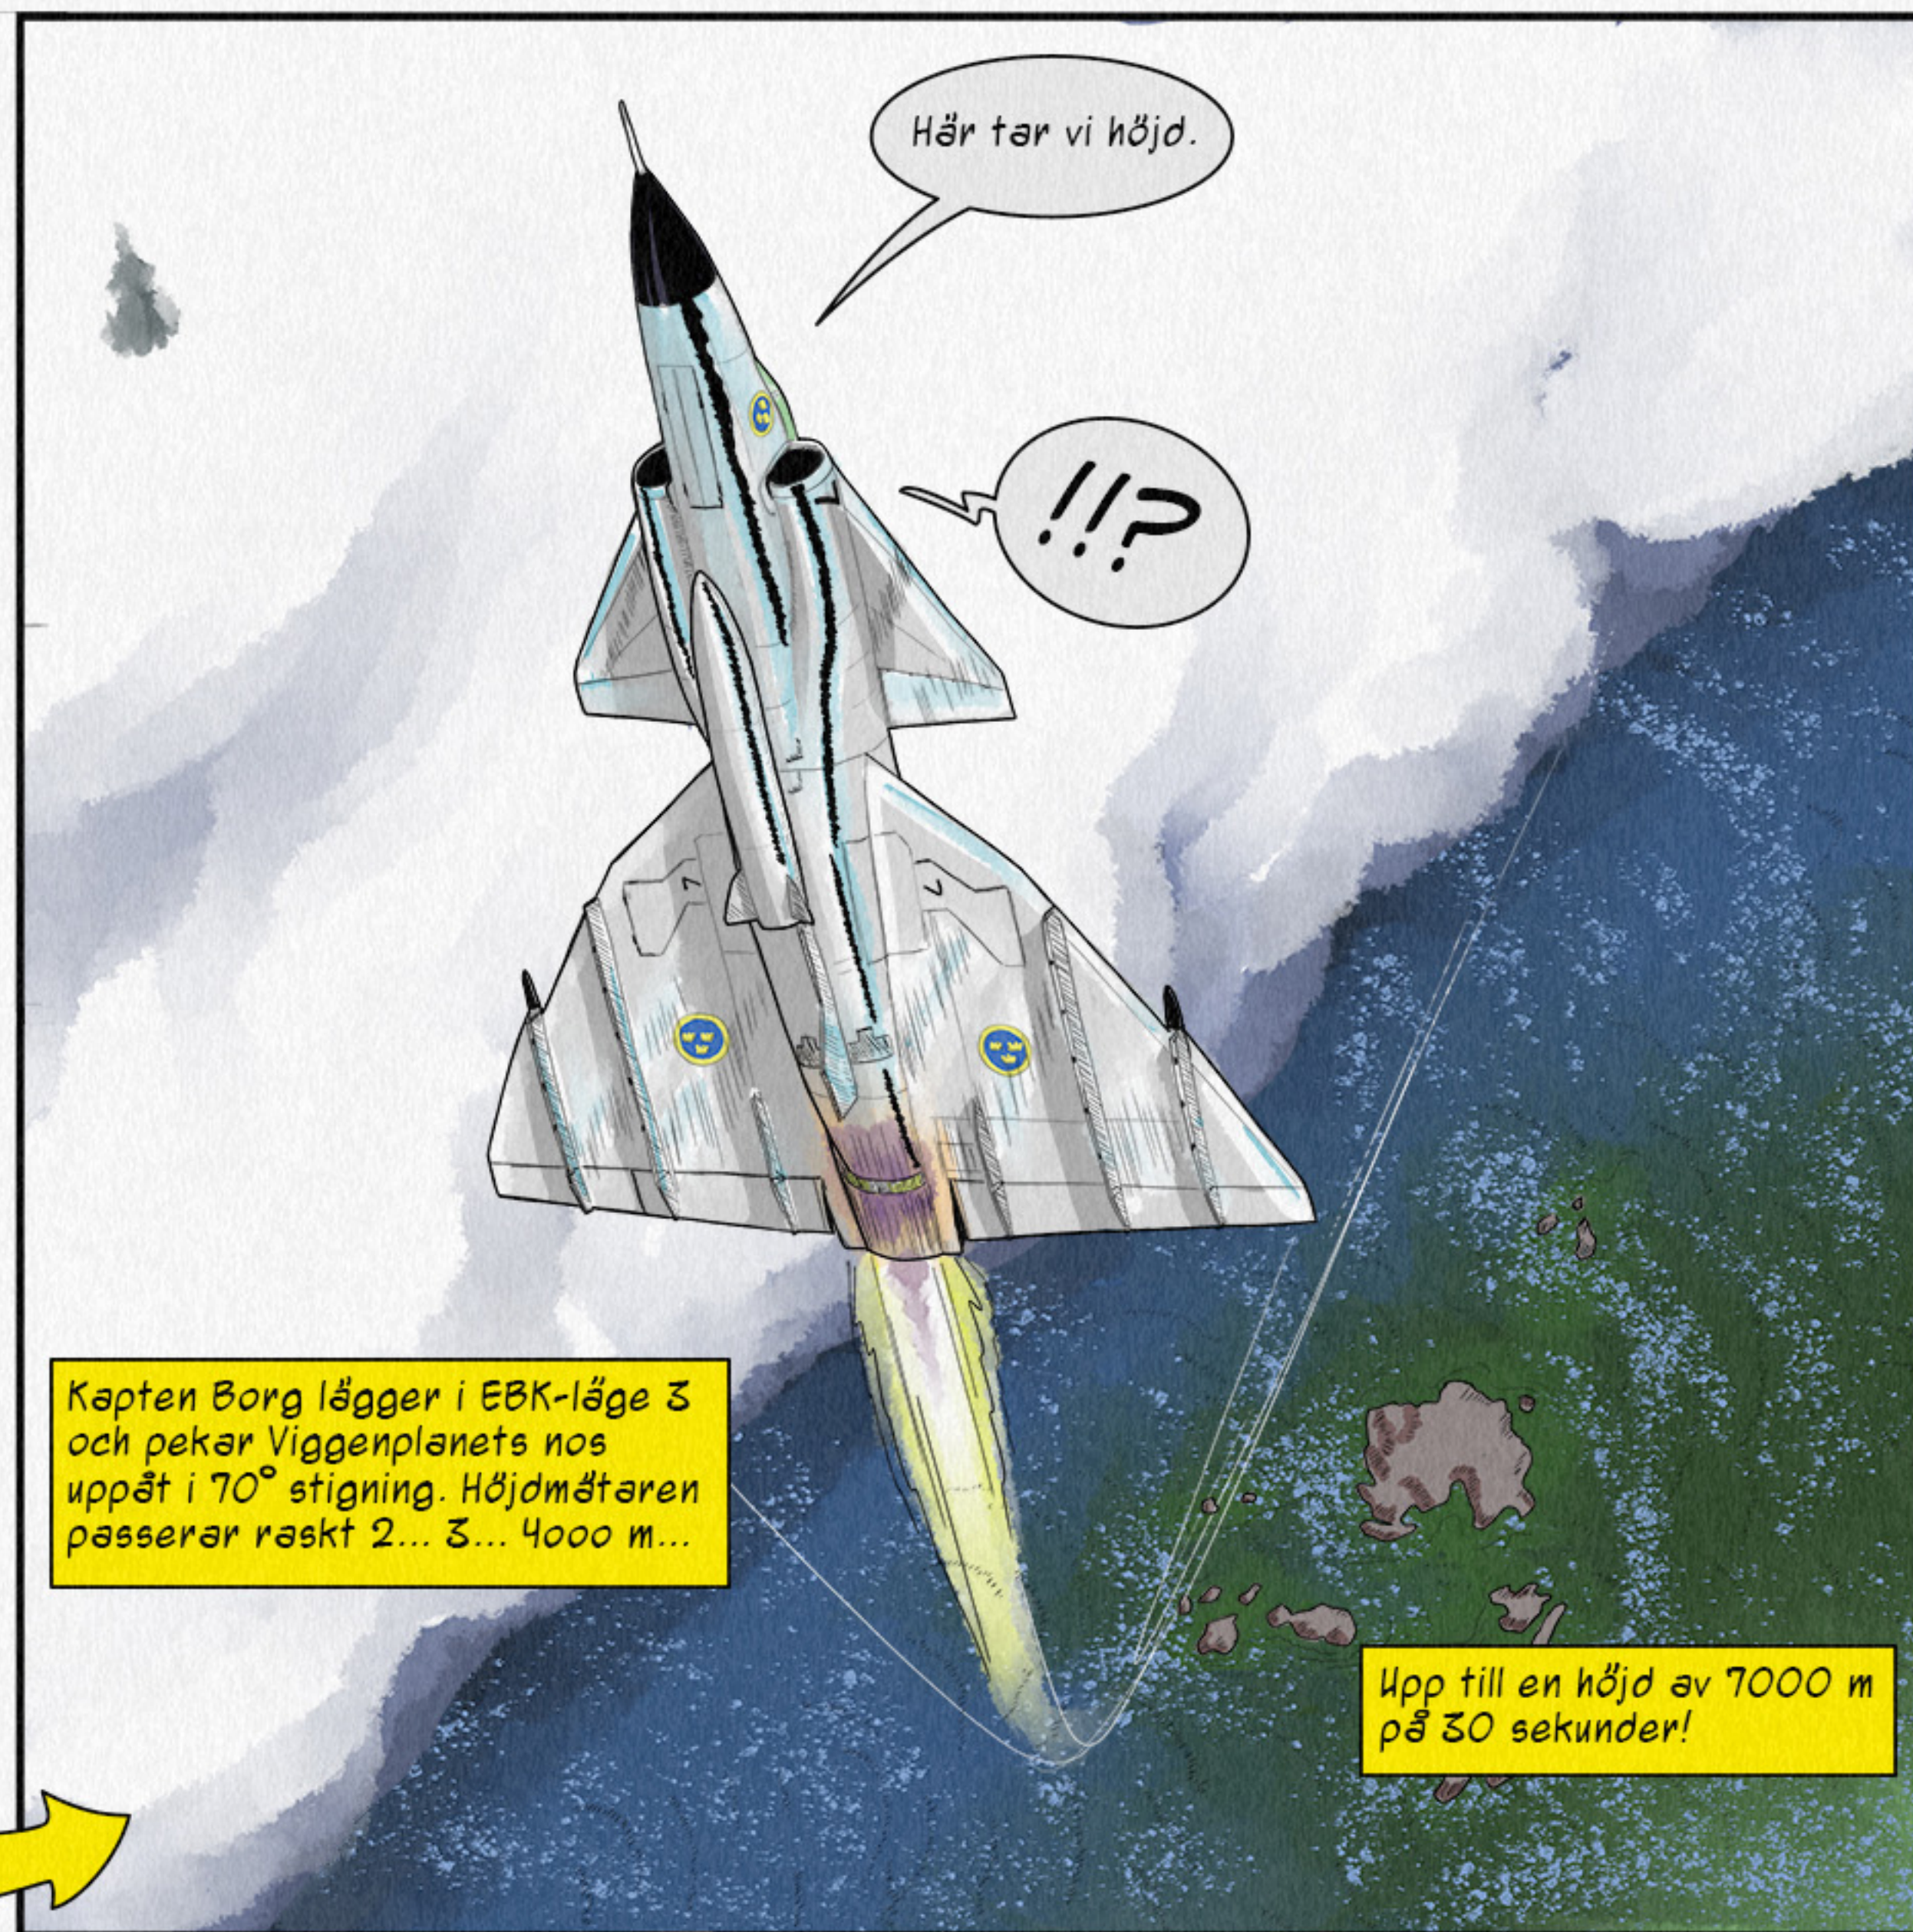

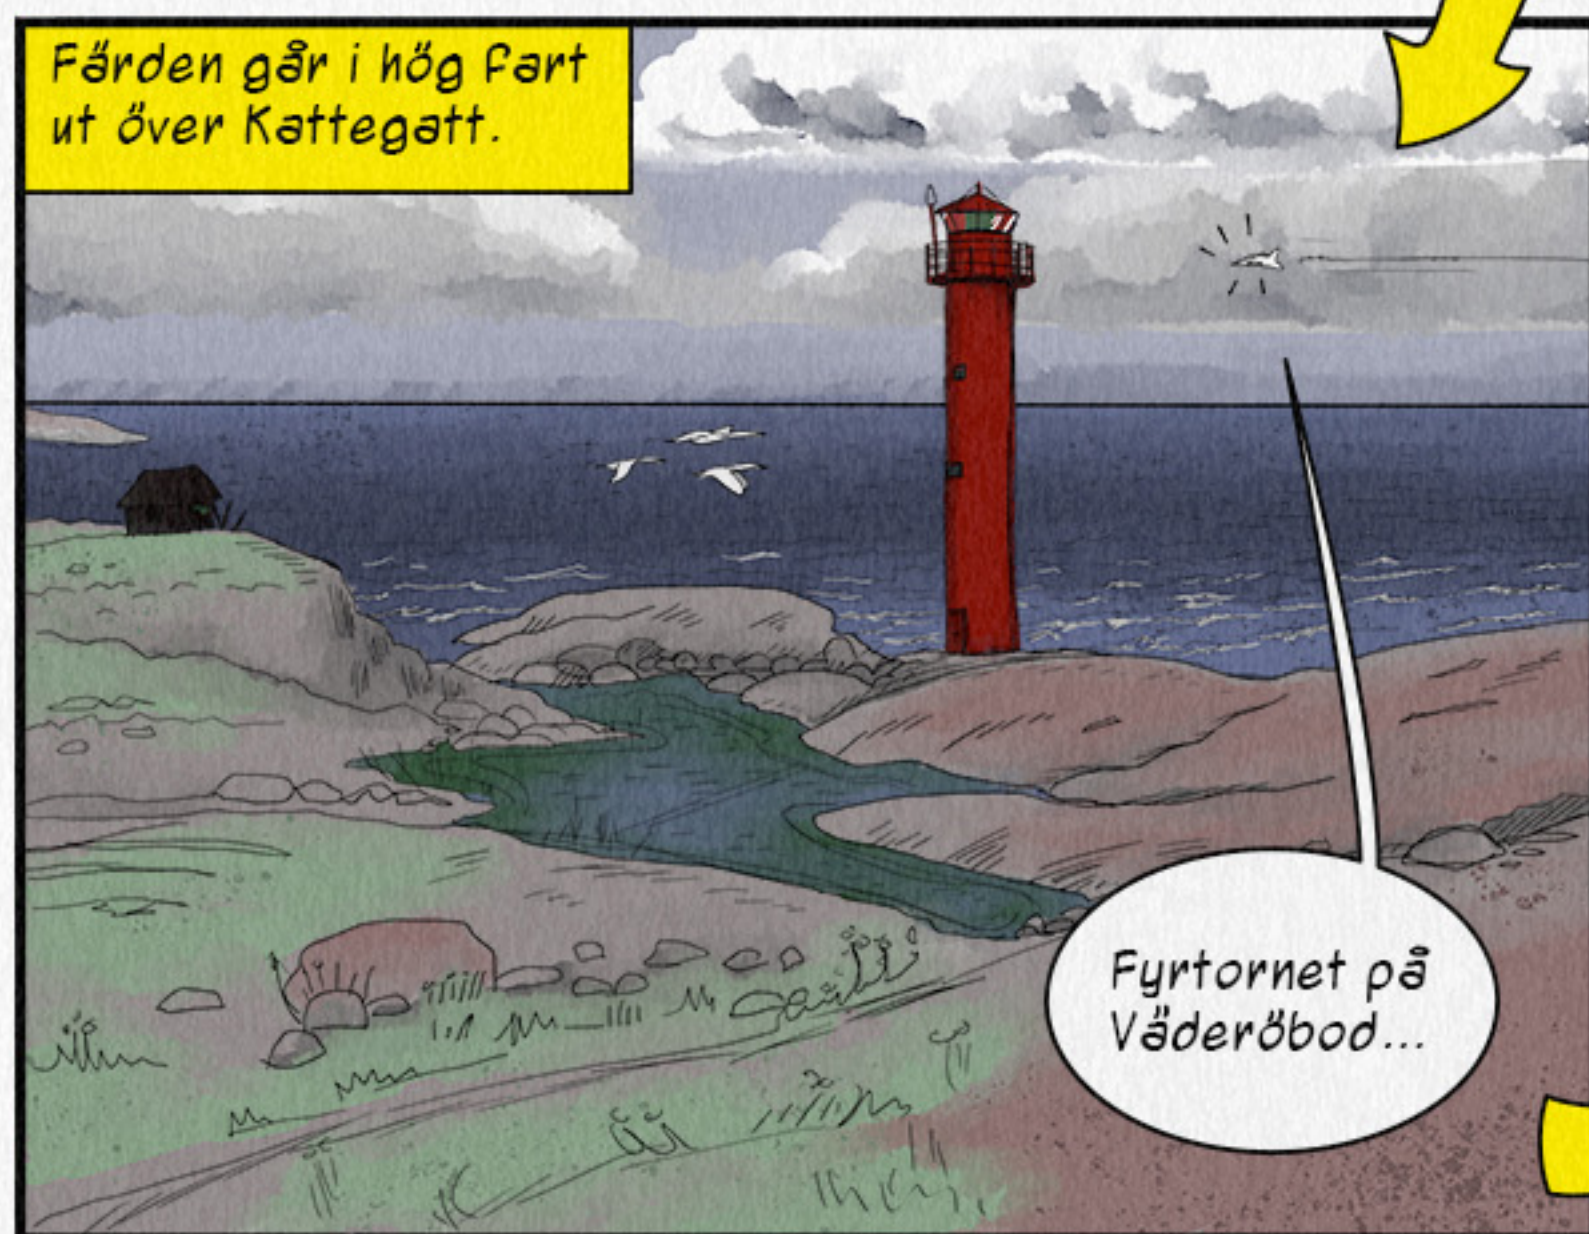

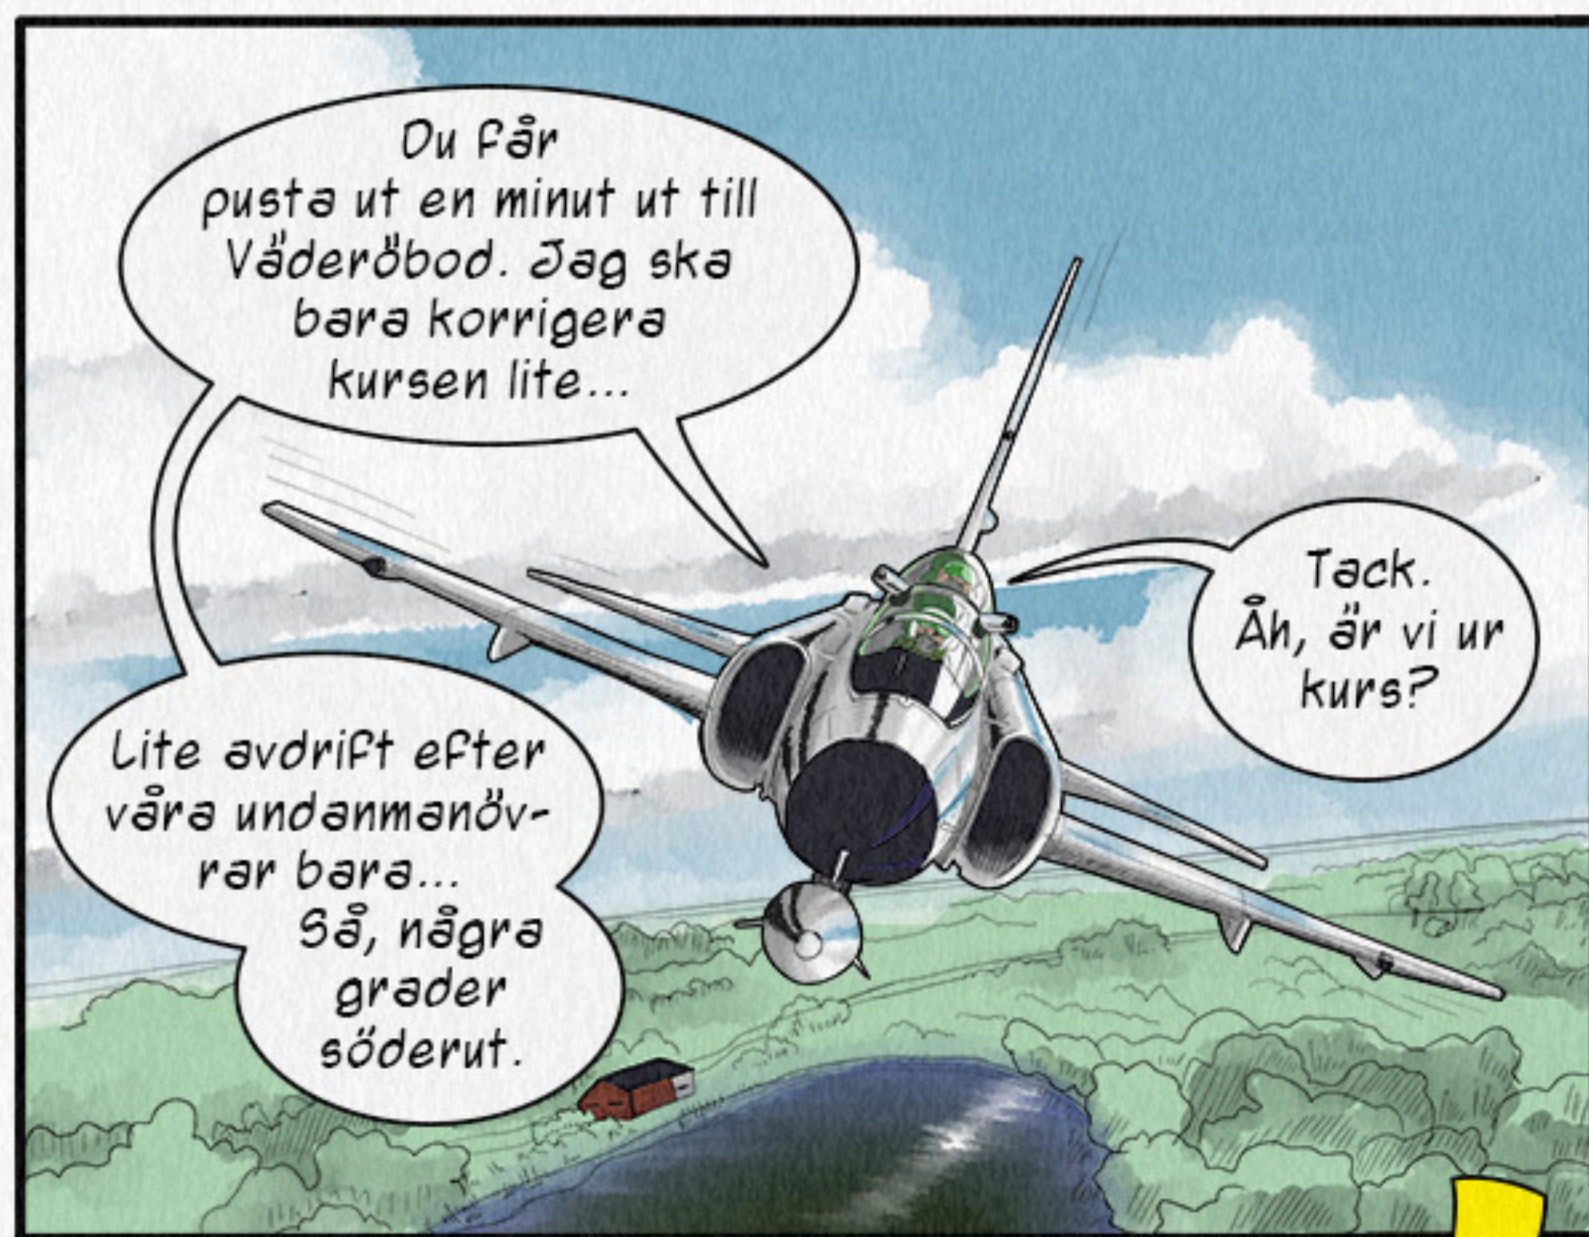

* Mach 0.85, ca 1050 km/h!

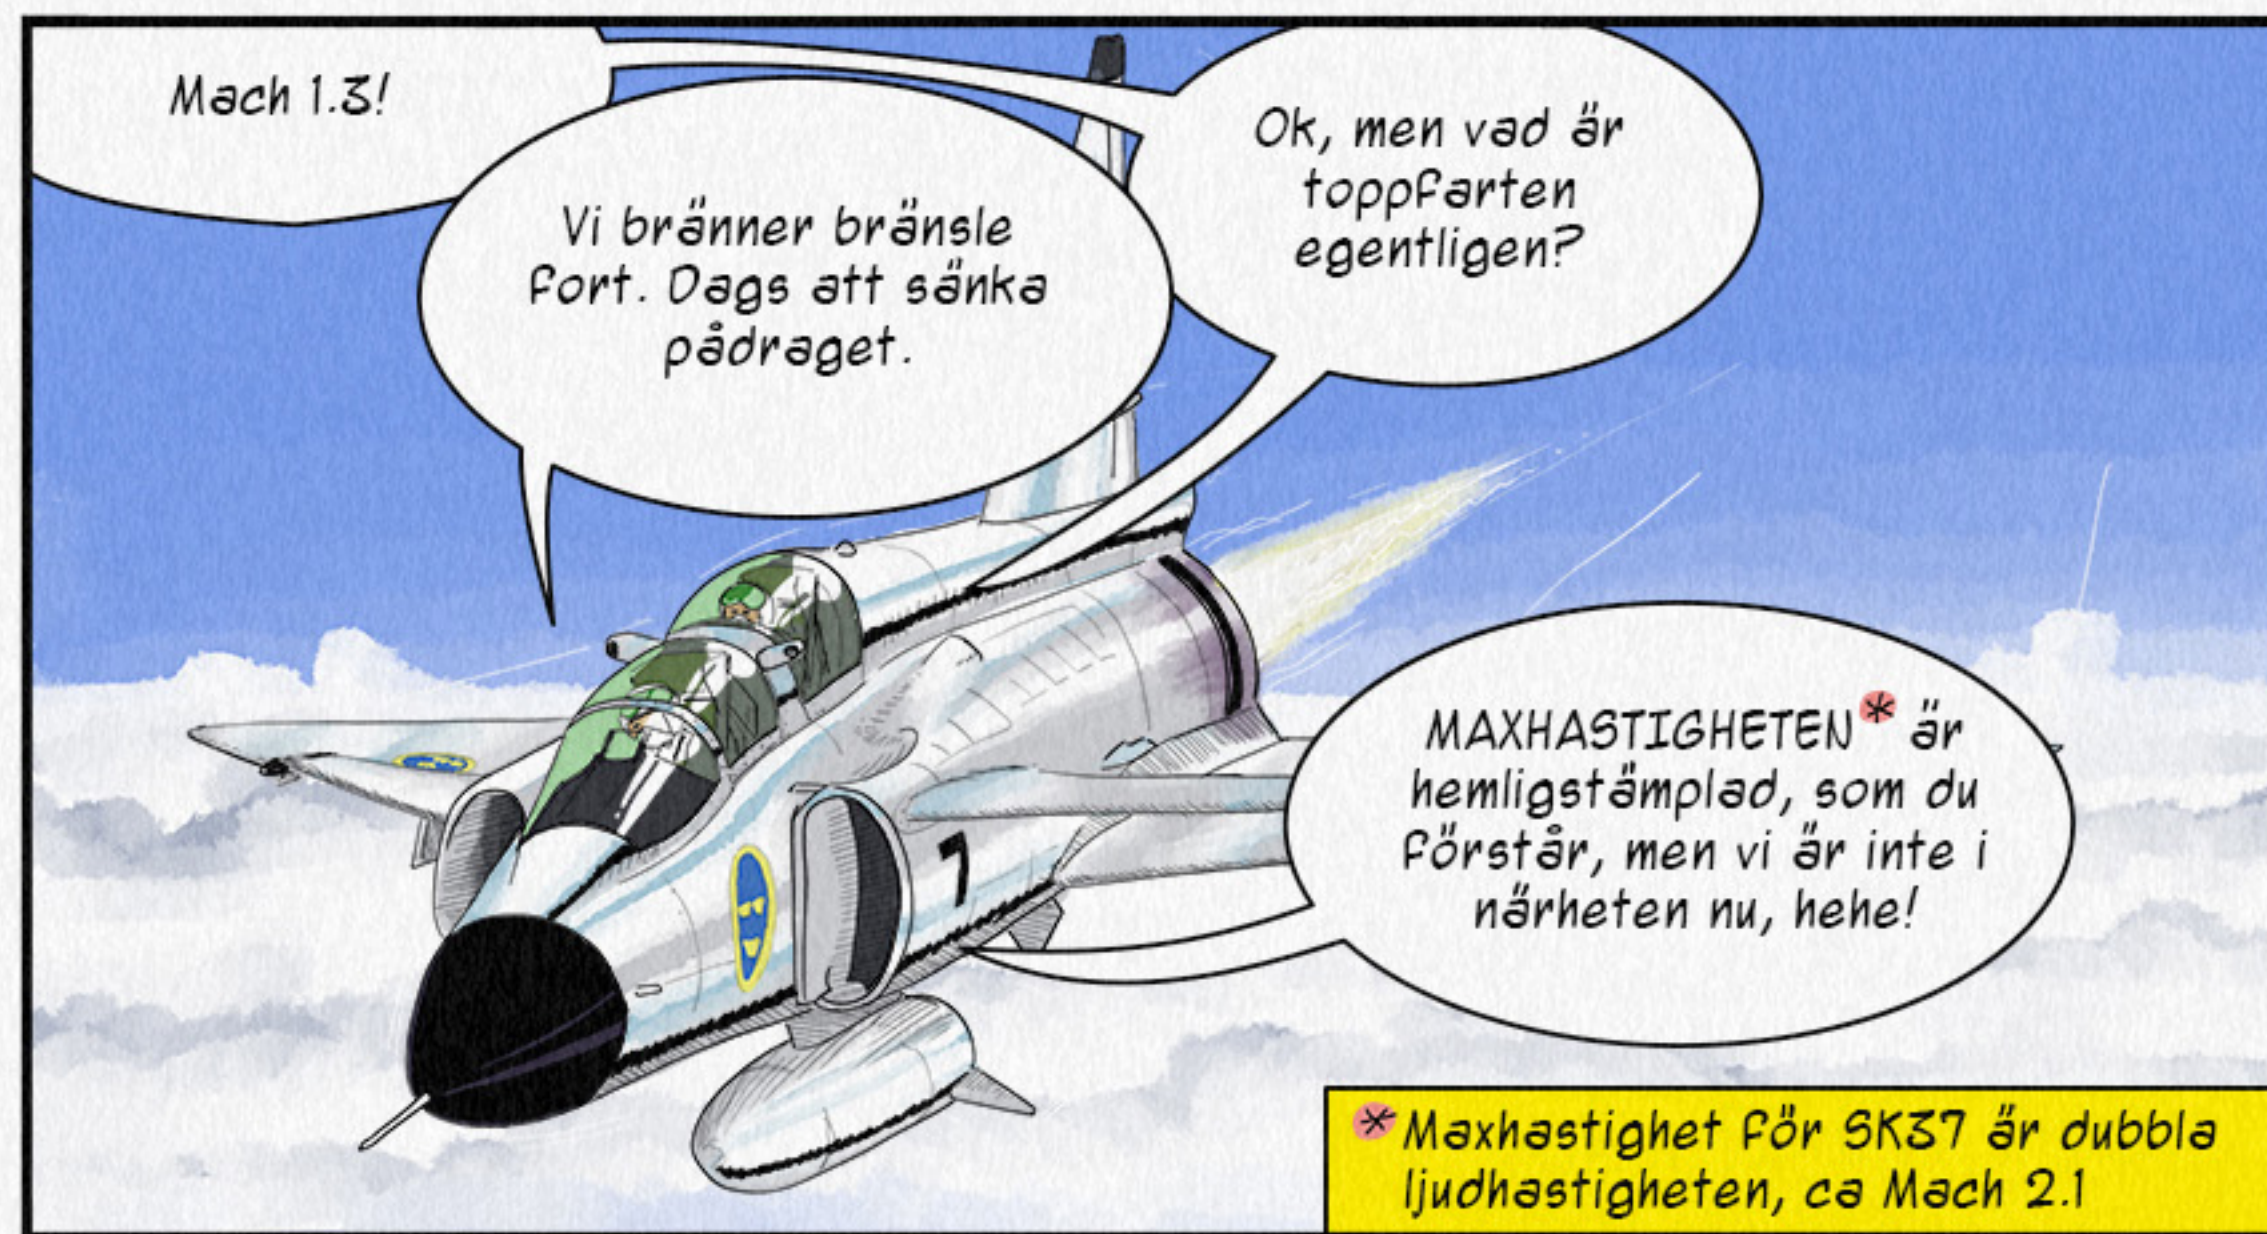

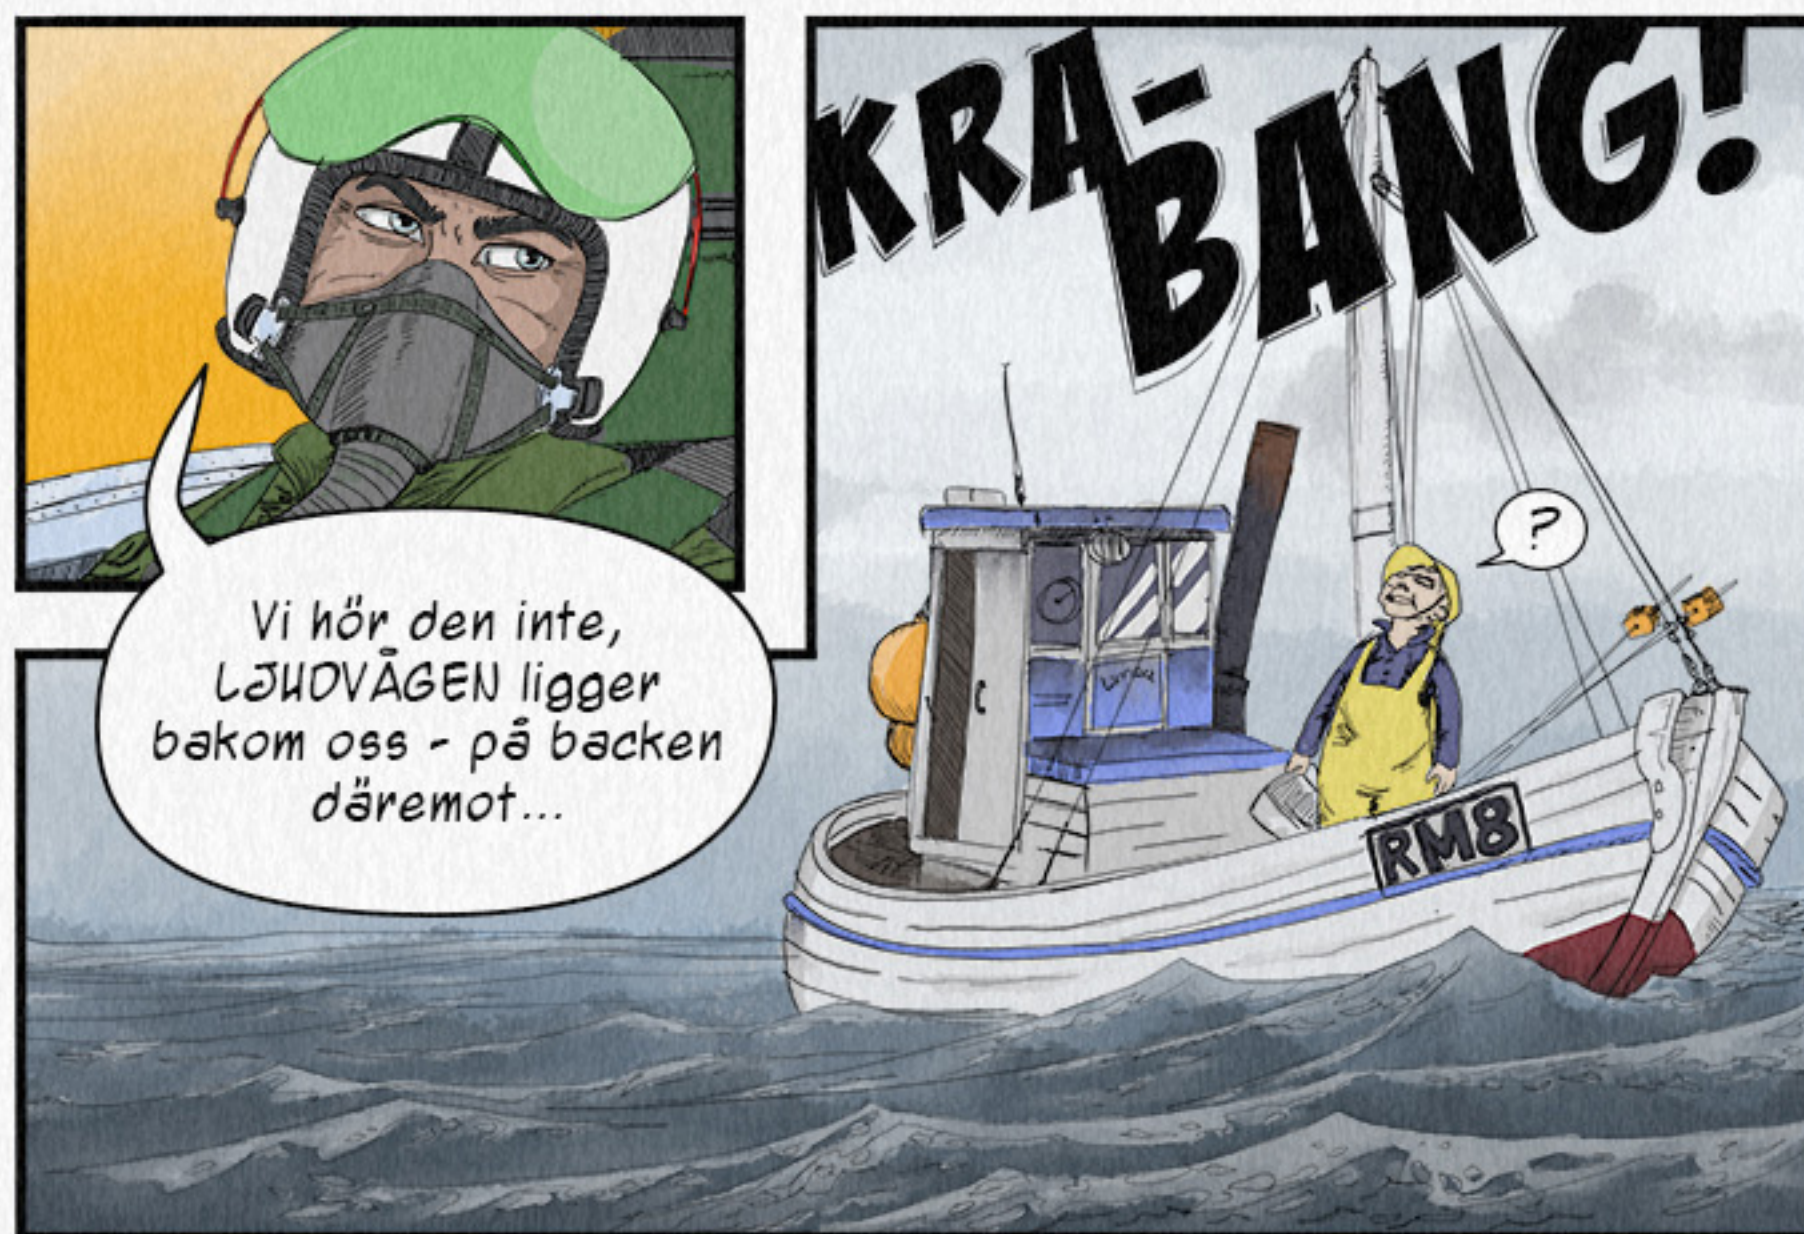

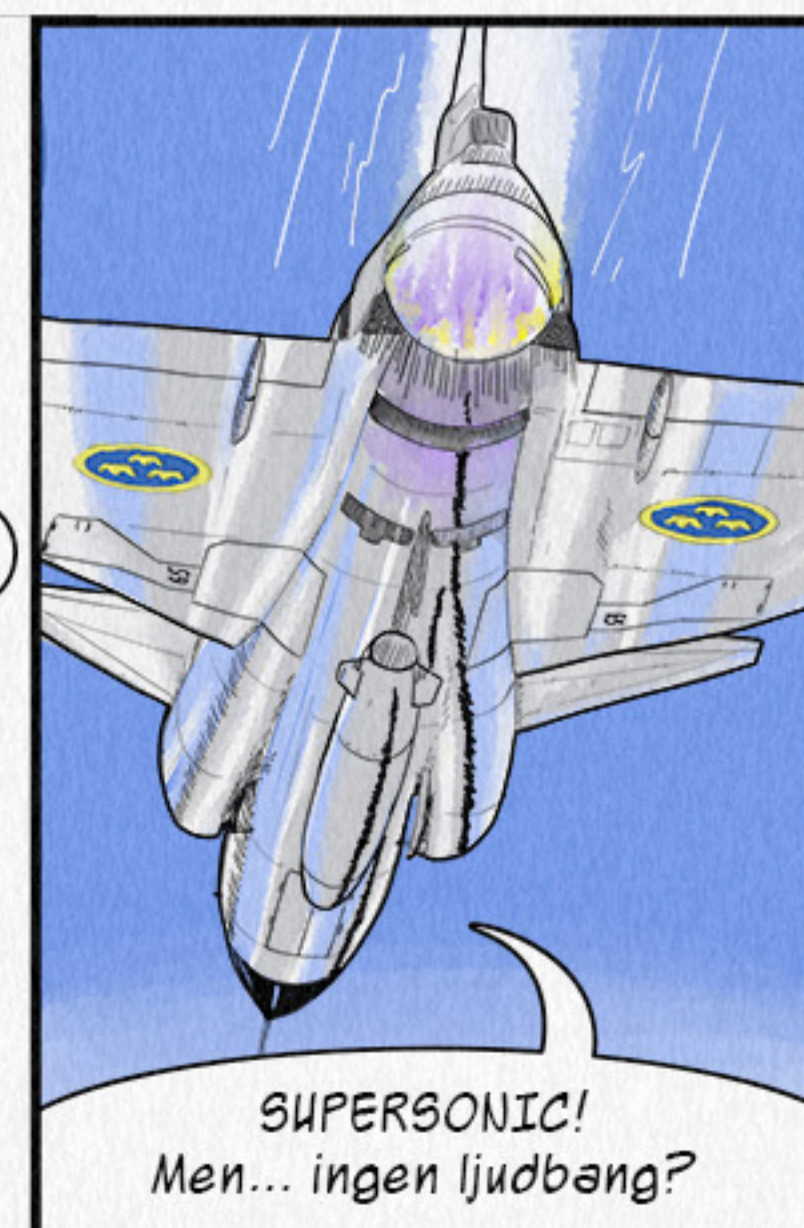

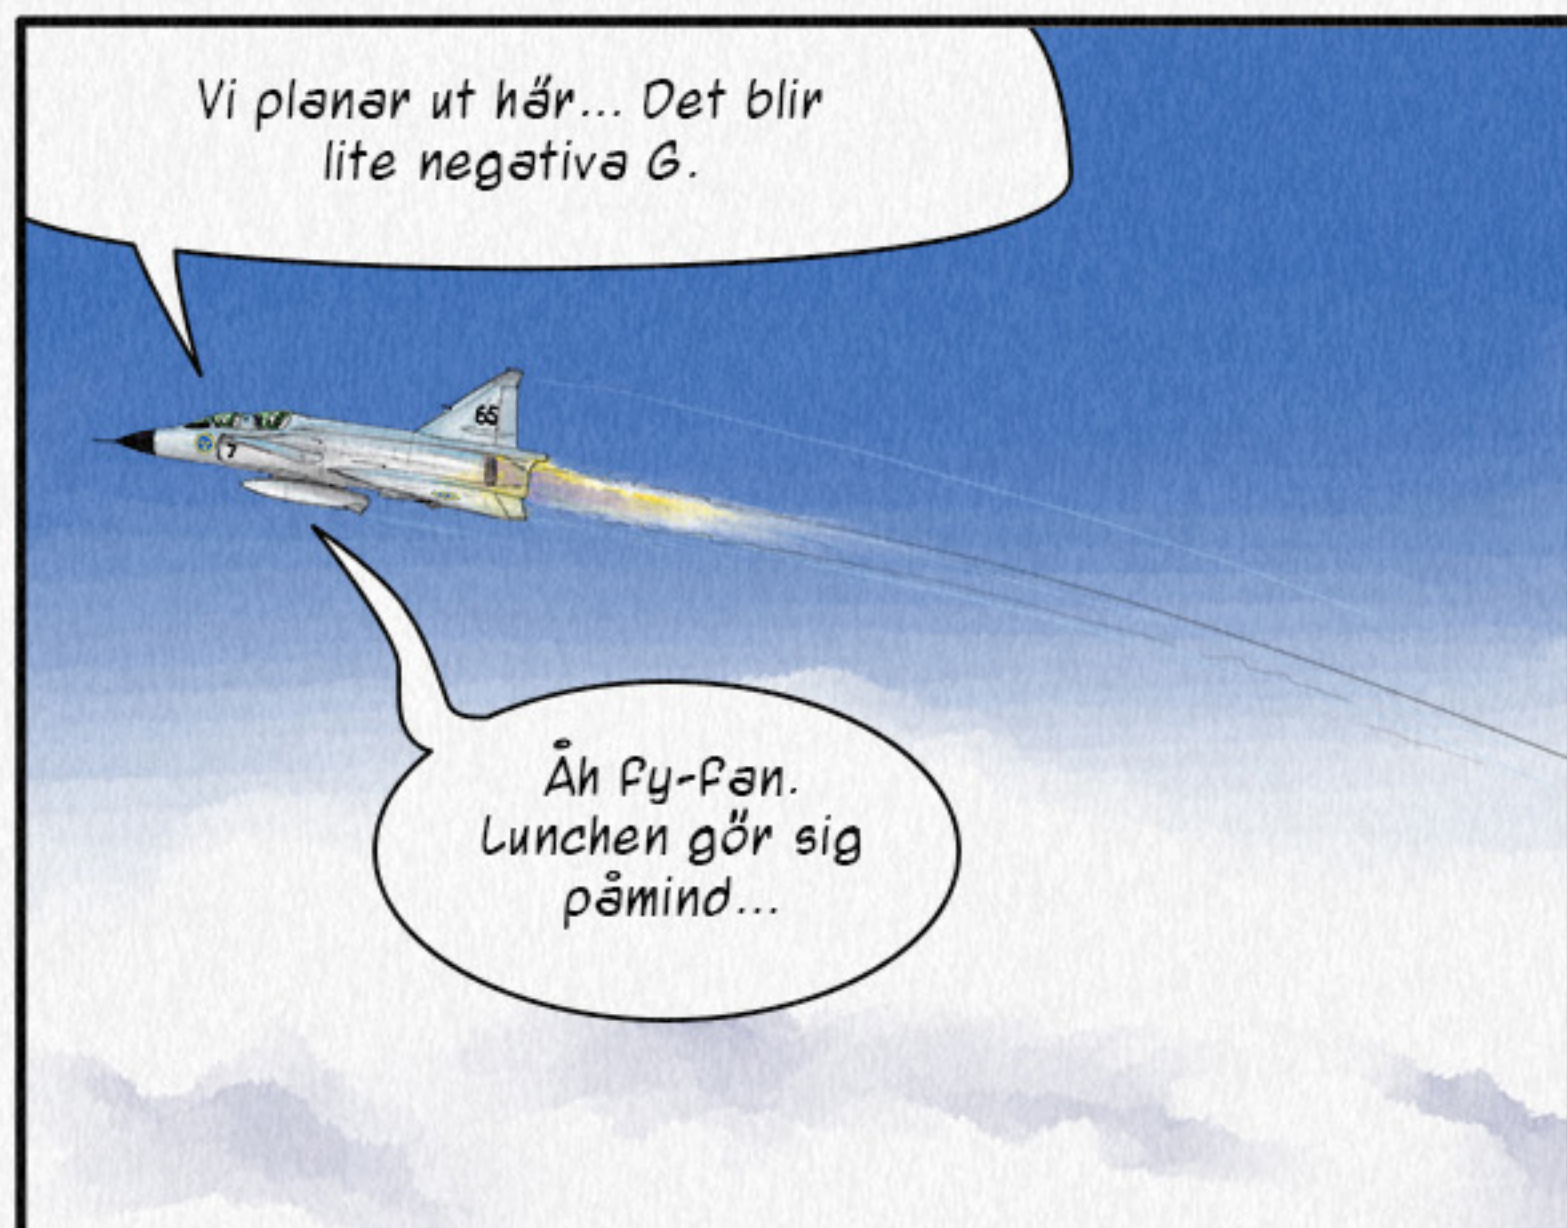

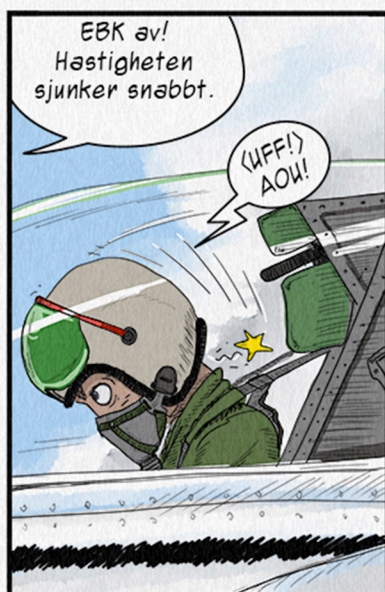

Urak!

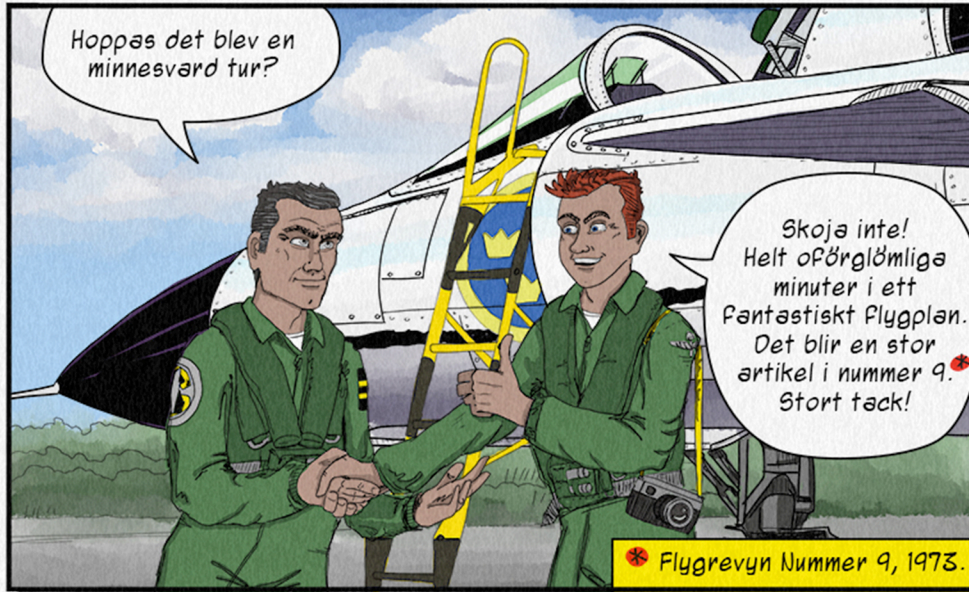

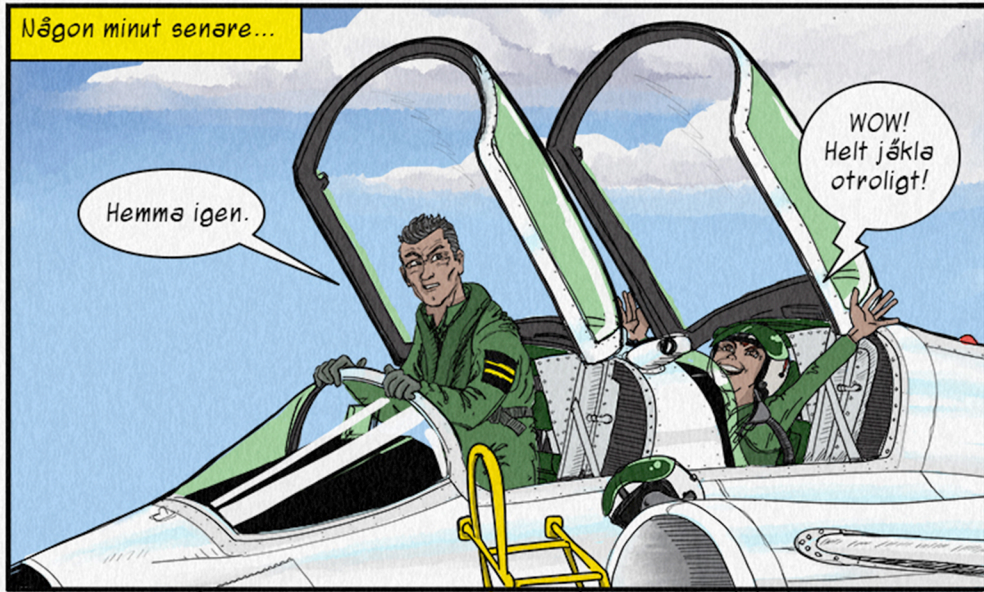

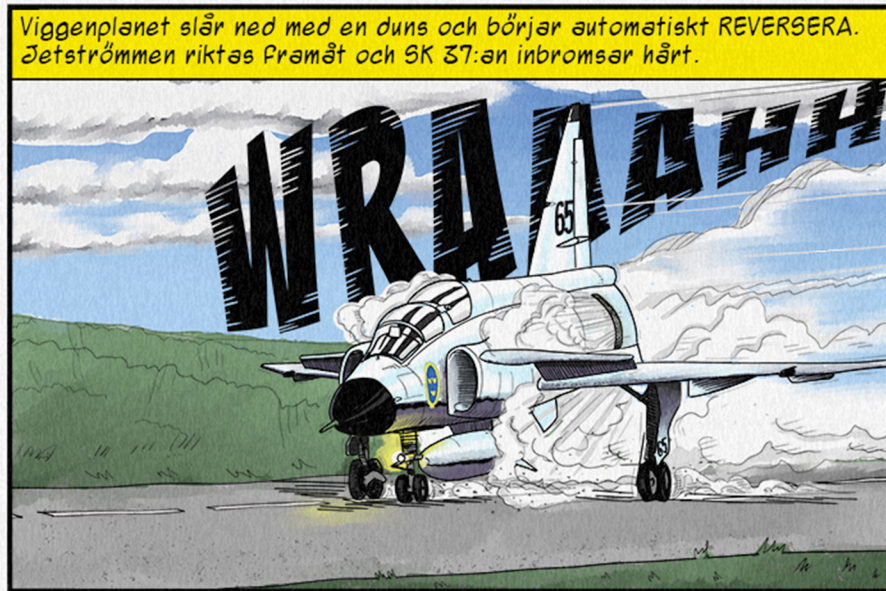

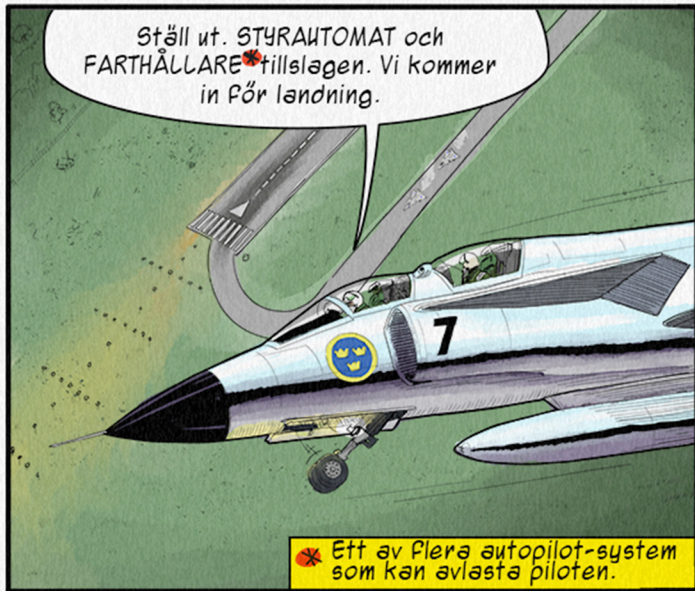

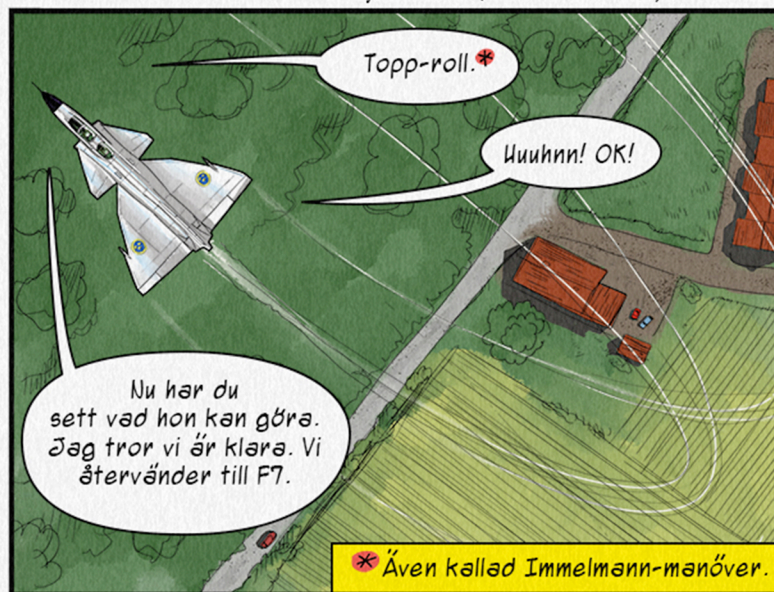

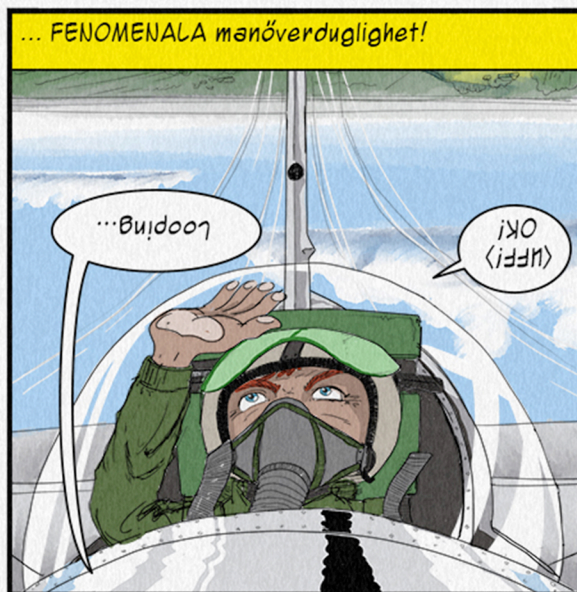

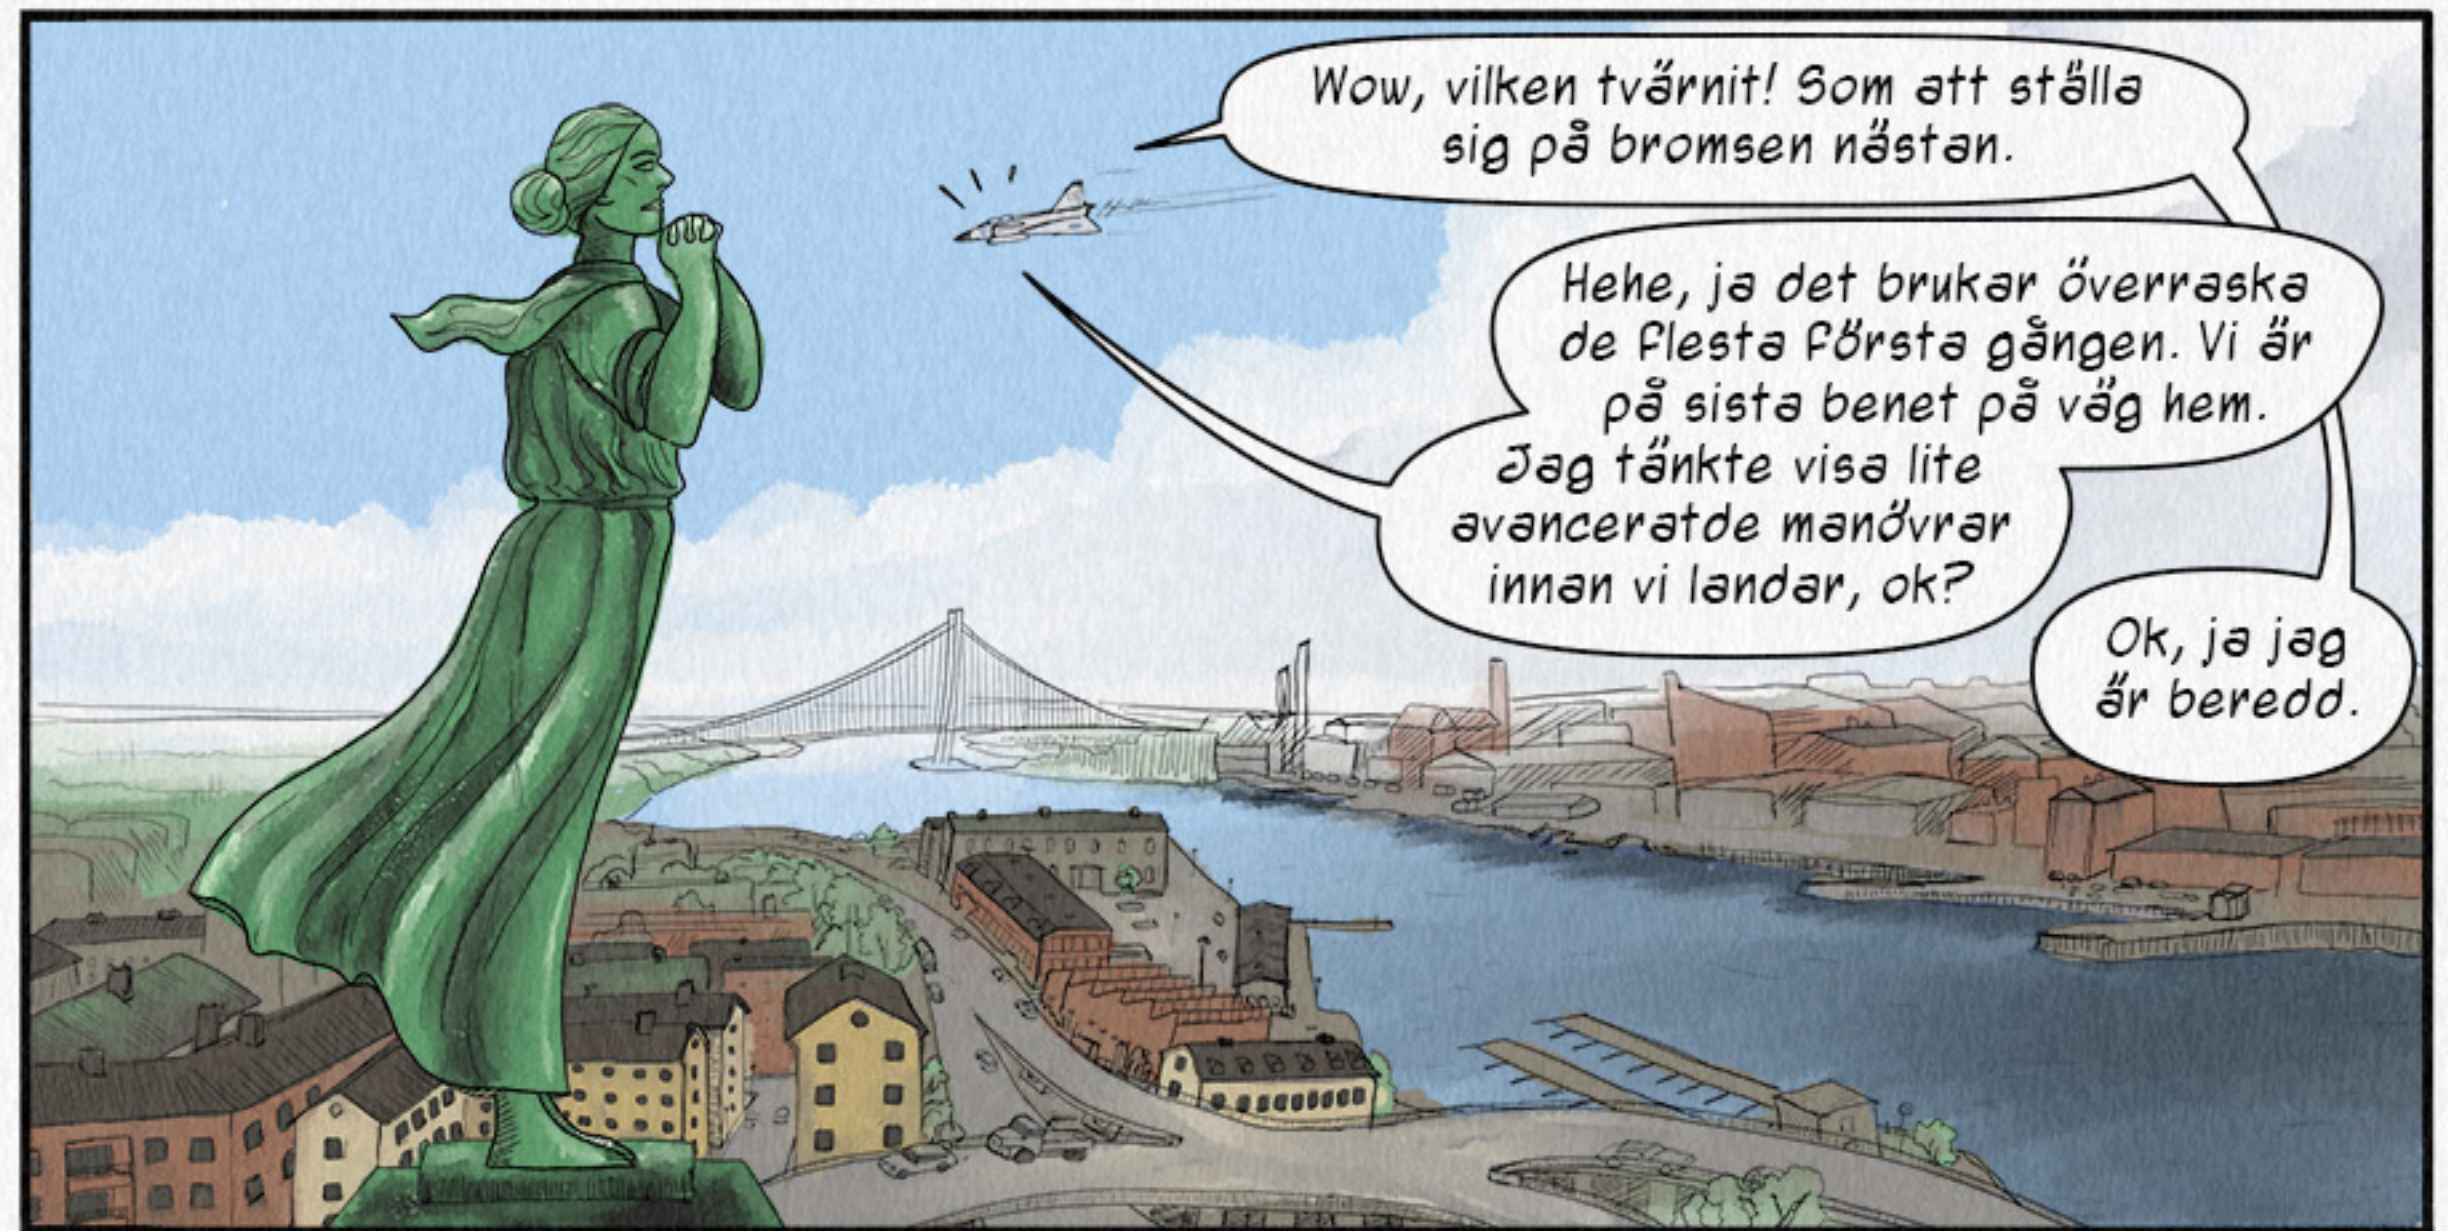

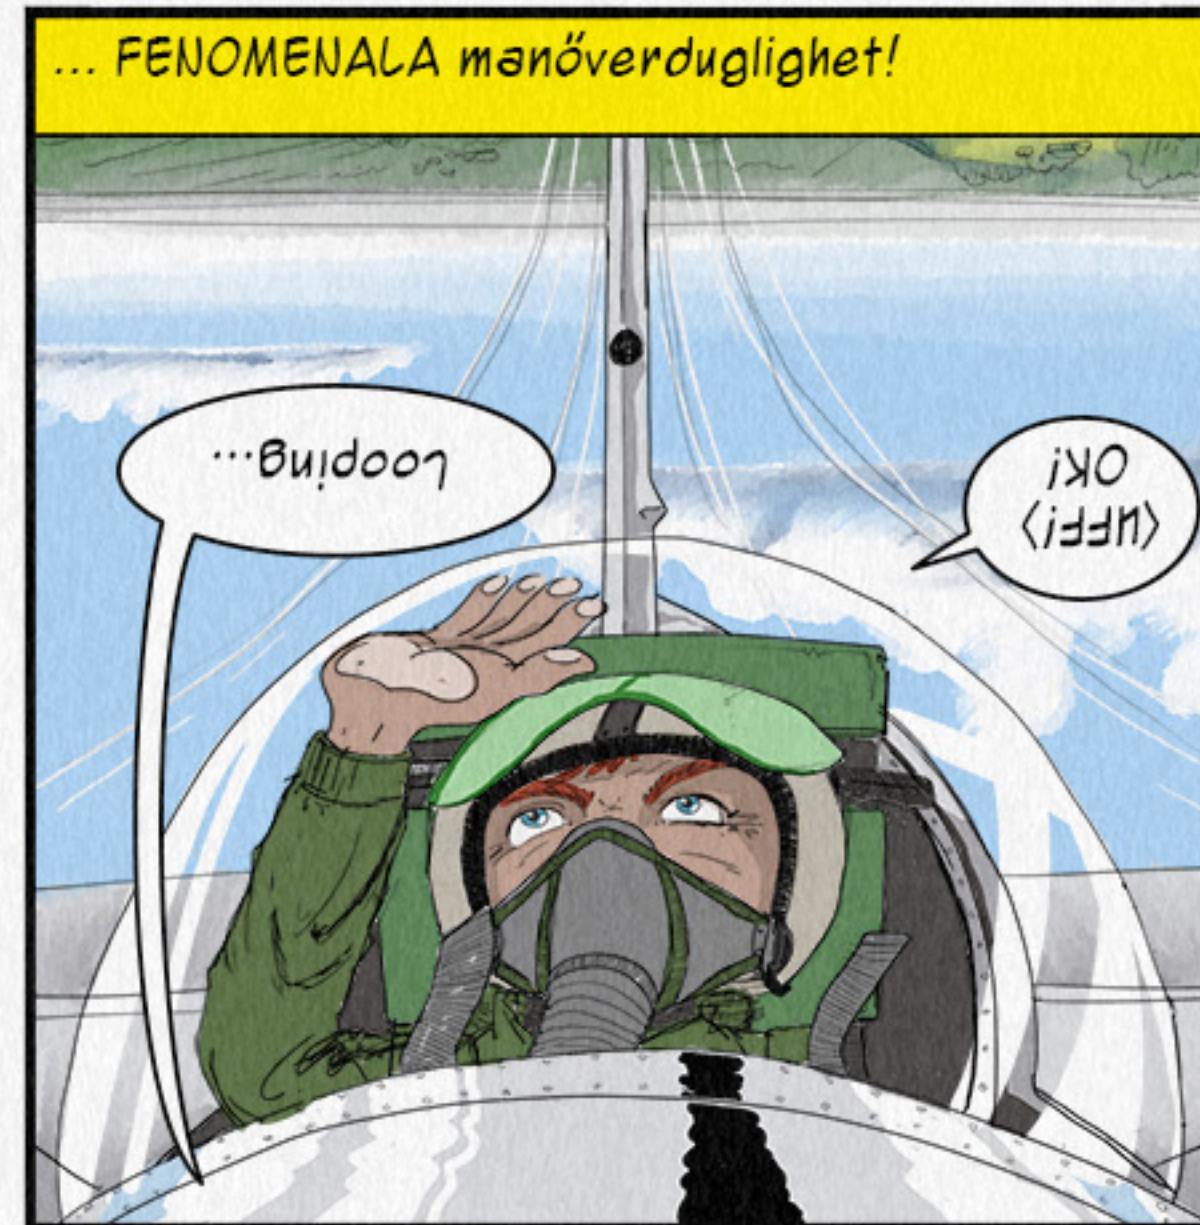

Sjömanshustrun (Kvinnan vid havet - 1932, Ivar Johansson)

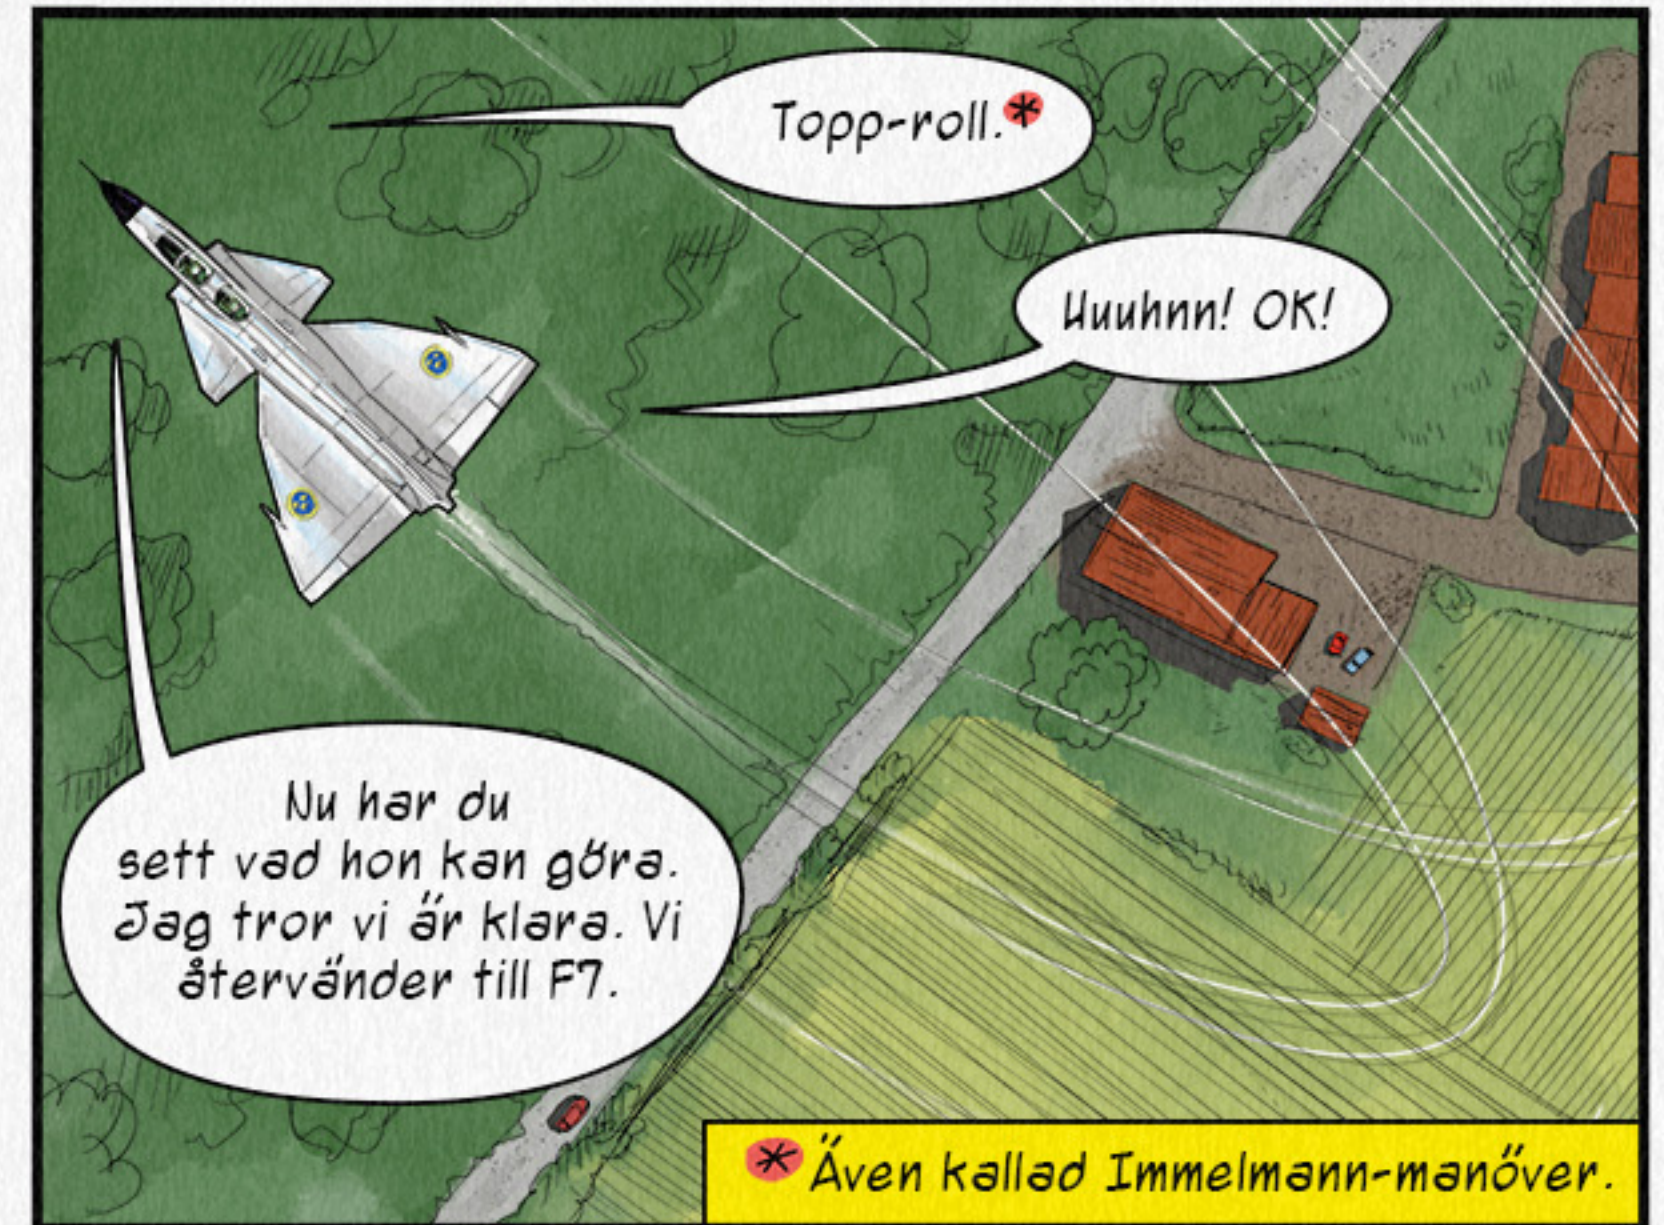

Ok, ja jag är beredd.

Sjömanshustrun (Kvinna vid havet - 1932, Ivar Johansson)

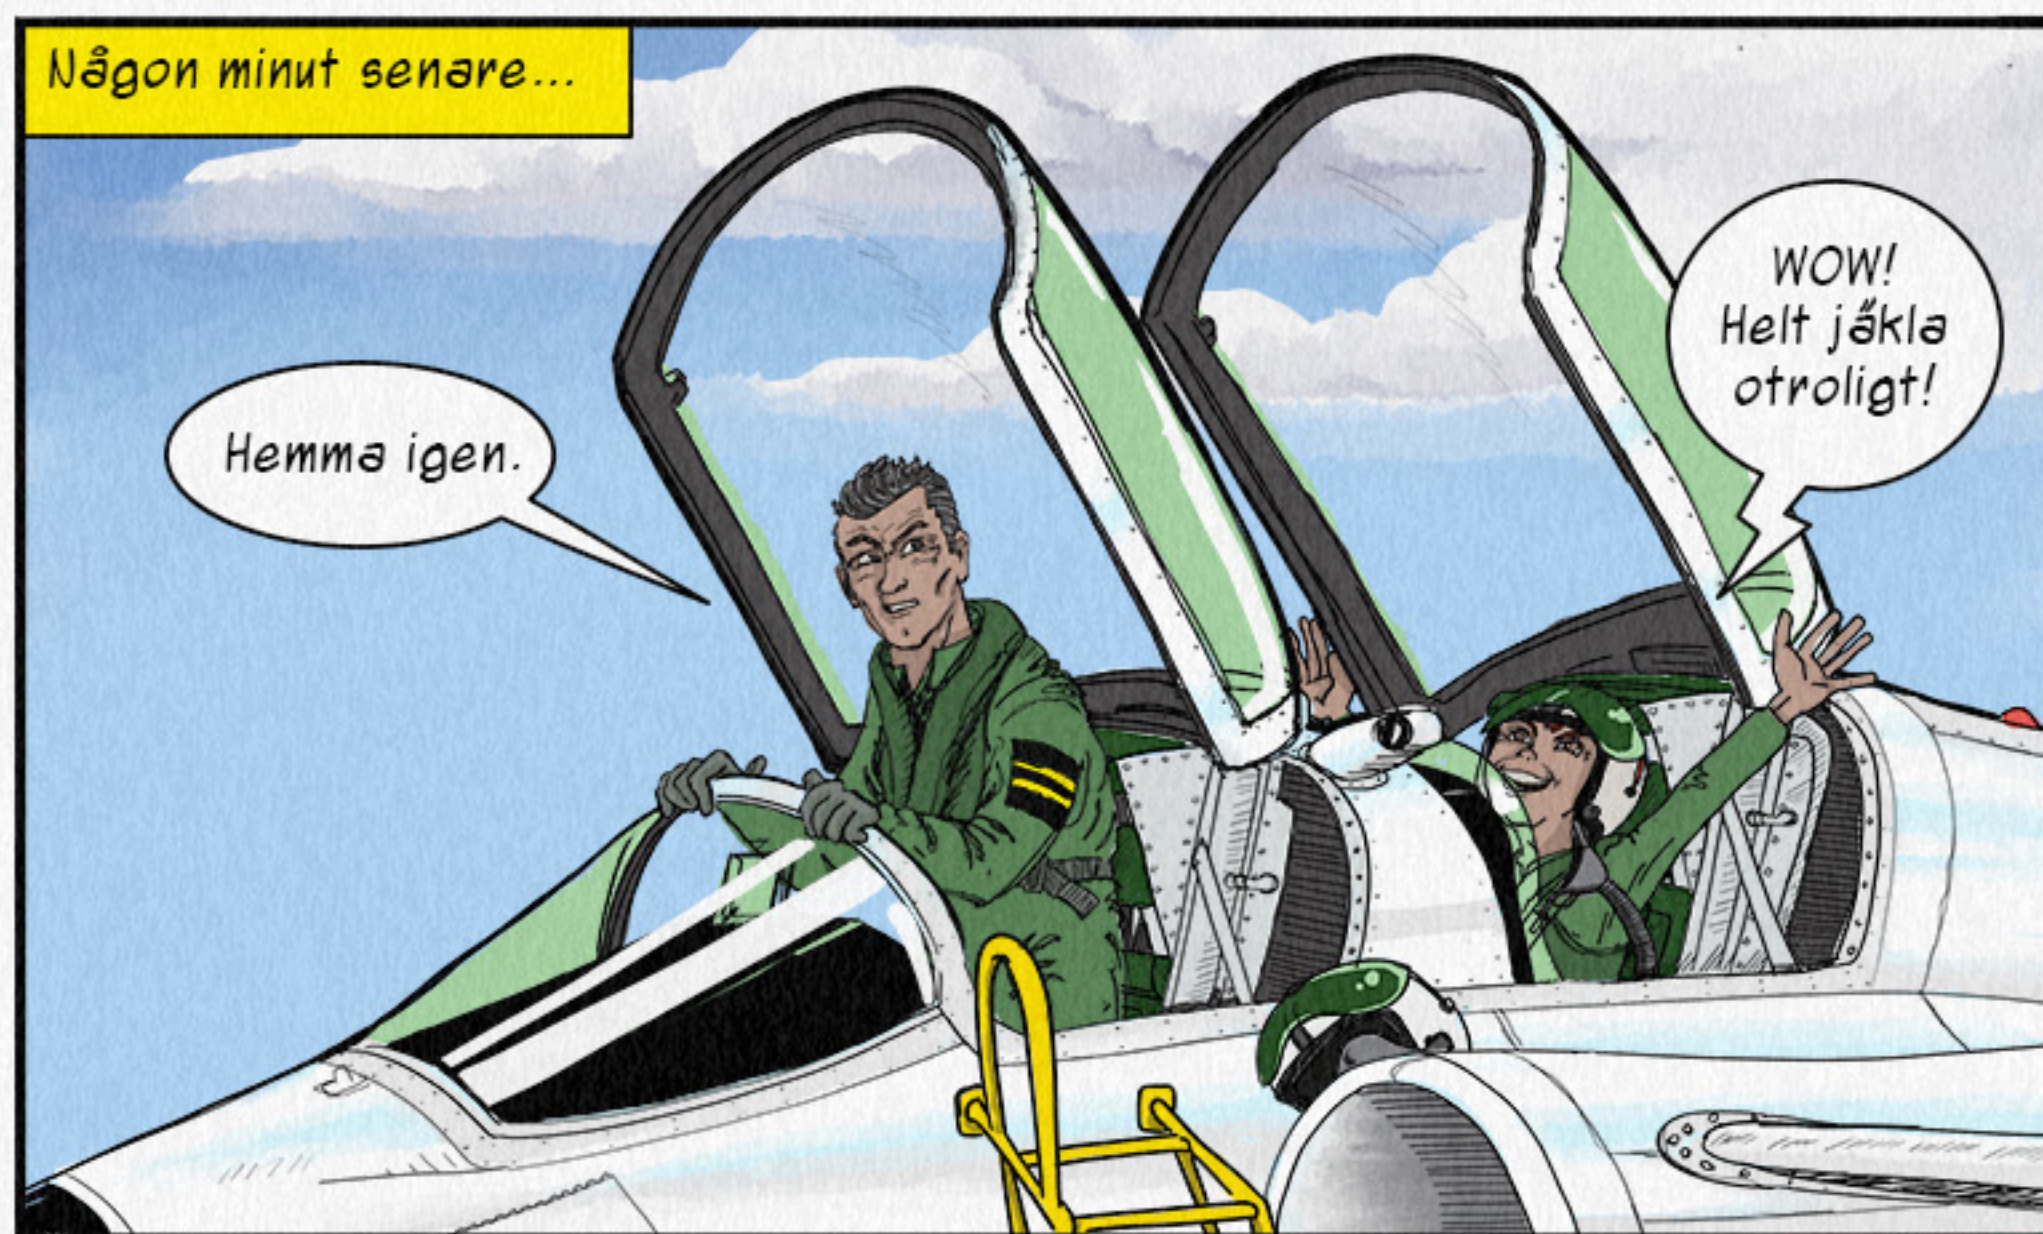

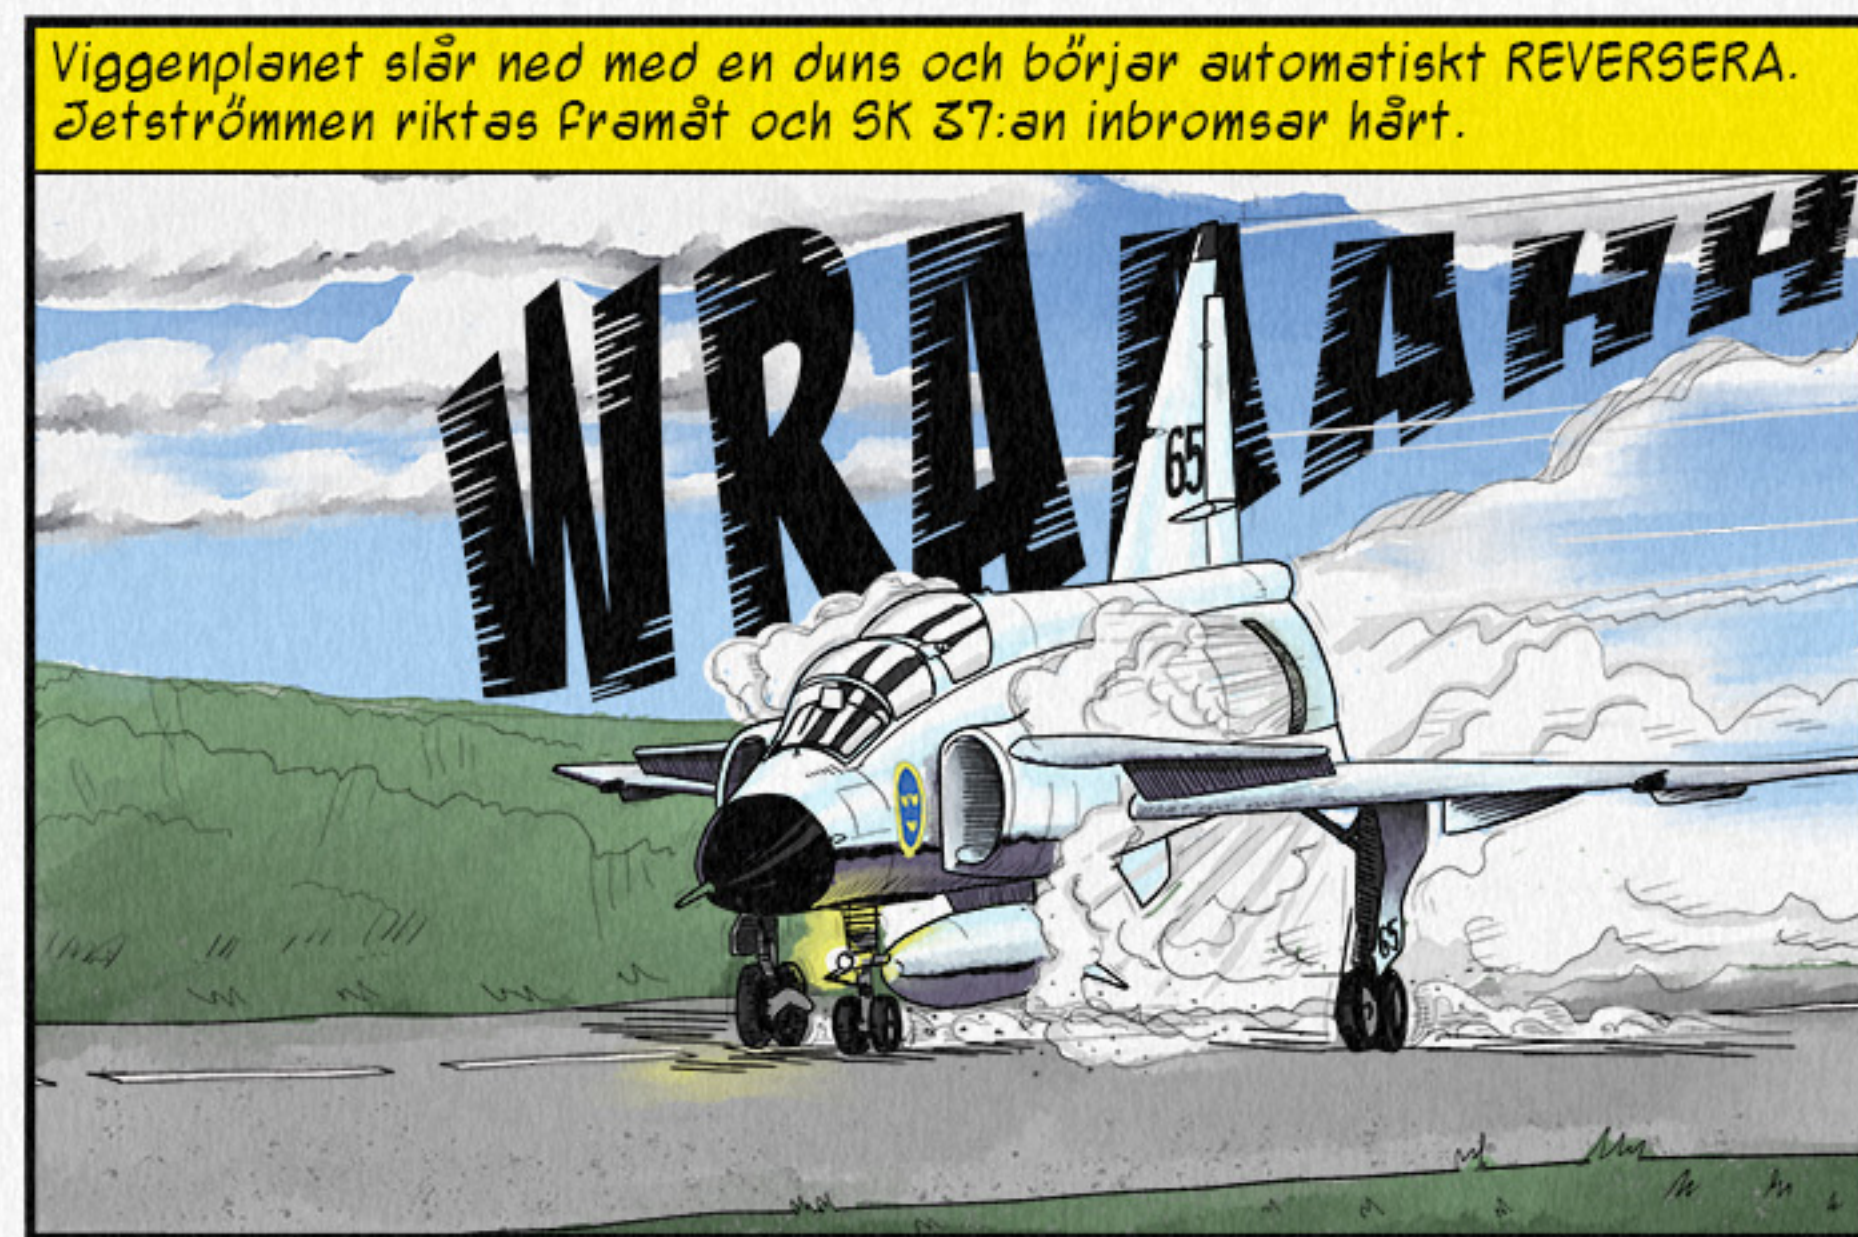

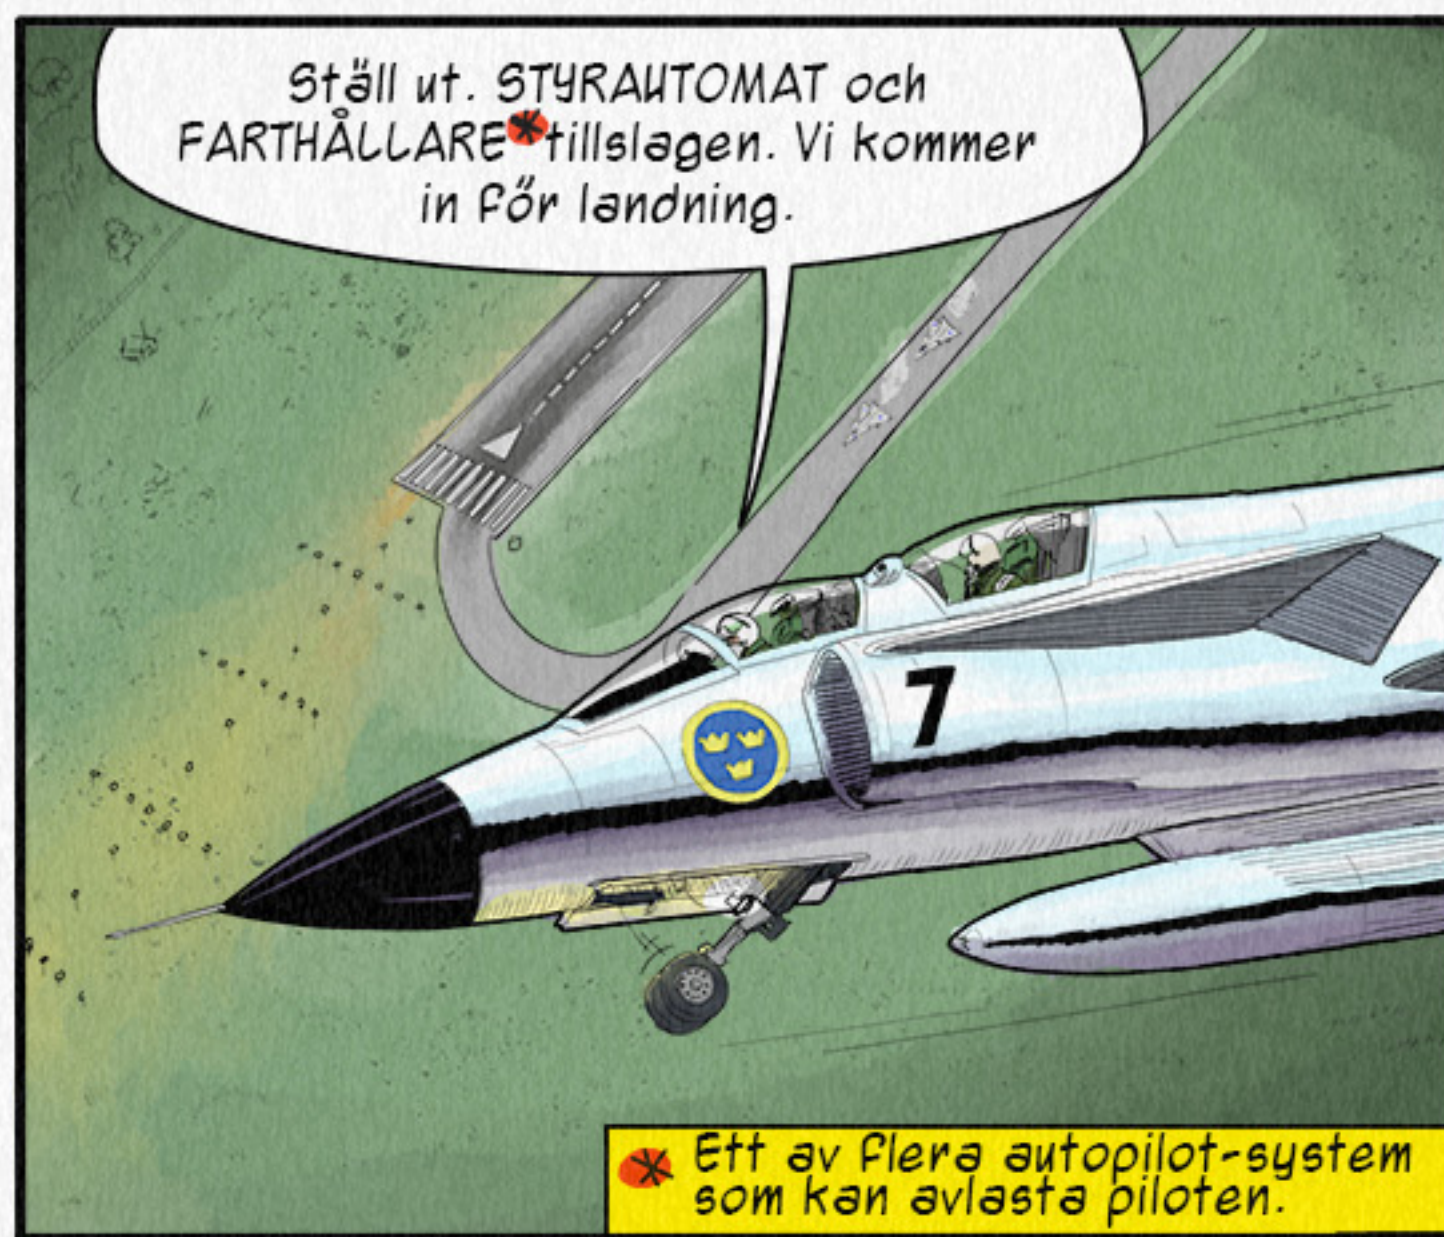

... FENOMENALA manöverduglighet!

Nu har du sett vad hon kan göra. Jag tror vi är klara. Vi återvänder till F7.

* Även kallad Immelmann-manöver.
